# Ike Lauds Joint Efforts at Seaway Fete School Budget of \$4,524,935 Is Adopted

## Tentative Tax Rate Is \$32.76 Fox, Krom Take Seats on July 1

A budget of \$4,524,935, tentatively accepted by the Kingston School District (Consolidated) Board of Education at its May meeting, received its final adoption by the board last night.

The estimated rate for the school year 1959-60 is \$32.76 per thousand dollars of assessed valuation.

The present budget for the city school system for 1958-59 is \$2,999,482, with a tax rate of \$30.80.

The rate of \$32.76 is tentative, of course, contingent on the assessed valuation of the suburban areas whose tax rolls will not be available until mid-August.

The largest single item in the school budget is for instructional services—\$2,558,820.

### To Organize July 1

The board will hold its annual organizational meeting at 4 p. m. Wednesday, July 1, at which time two new board members will be seated—Howard L. Fox of Kingston and Benson A. Krom of Hurley.

They succeed Mrs. John D. Schoonmaker Jr. and Harold Darling.

Mrs. Schoonmaker and Darling received the tribute of Dr. Earl Soper, superintendent of schools, and other board members for their services to education.

### Comments Two

Dr. Soper expressed his appreciation for four happy years with the retiring members since he came to Kingston in 1955 and commended them for their support of, and service to, the children of the district.

Darling was not present but Mrs. Schoonmaker, in a few brief remarks, said she had greatly enjoyed her eight years with the board of education and left members and the school administration with best wishes for the future.

The board took under advisement a request from Hurley School District No. 6 to send six high school students to Kingston High School.

The request will be examined by County Judge Louis G. Bruhn, a member of the board. He is expected to report to the board at its meeting July 1.

Hurley No. 6 were affiliated with Ontario Central School for one year but appealed this annexation and have since that time reserved an independent status.

### Need More Discussion

Standardization of desk and chair units throughout the consolidated district was considered by the board at length, with final action deferred pending further study and discussion among school principals and members of the supplies committee of the board of education.

The old Kingston School District was already standardized on furniture. It is the feeling of the board that standardization also becomes effective throughout the consolidated district.

It was the consensus of the board that standardization of furniture should be the policy of the enlarged city district, that it would be cheaper and more convenient.

For instance, there might be a shortage of desks in one school, a surplus in another, depending on the fluctuation of registration. A shortage in one school could be filled from another school, if all the furniture were the same.

It was pointed out that most

### 375 Witness Coronation

## Miss Saugerties Title Is Won by Glasco Girl

Nancy Misasi, a 17-year-old Glasco girl with dark-brown eyes and raven hair was announced as the new Miss Saugerties Thursday night before a capacity audience attending the coronation ball at The Flamingo Restaurant, Route 9W, Saugerties.

Her runner-up, blonde, 17-year-old Denise Rethier of Flatbush was also named Miss Saugerties, a title bestowed by the contestants on the most popular girl in the group.

The second runner-up named was Carole Larsen, 17, daughter of Mr. and Mrs. Earl E. Larsen of Fish Creek.

Attends Saugerties High

The new Saugerties queen is the daughter of Mr. and Mrs. Frank Misasi of Glasco. A native of that community, Miss Misasi will enter the senior class of Saugerties High School in September. She has not decided whether to be a beautician or dental hygienist. Miss Misasi is working during the summer at London's in Kingston.

Interested in music and dancing, she has been active in high school in the Sigma, French, Leaders and Debate Clubs. She also headed the advertising staff of the 1959 Sawyer, Saugerties High School yearbook.

Bob Barton, radio announcer at WGHQ, Saugerties, one of the judges, revealed the names of the winners from a sealed envelope held by him since the pageant last Saturday.

Moira R. Altevogt, last year's winner placed the crown on Miss Saugerties of 1960. The new queen will have the responsibility of representing the Saugerties Area Chamber of Commerce and the township at all public

Langwick Elected

George Langwick of New Paltz was elected president to succeed Morehouse.

Other officers: Hogan, West Hurley; treasurer, Allen Lawton, New Paltz; cooperative board members, Alfred Hafke, Highland, Mrs. Bohumir Larys, Woodstock, Herbert Seimer, Stone Ridge, James Hogan, West Hurley, and Langwick.

Langwick pledged to attempt

school improvements and respect for the international law in settling problems among nations.

The convention resolutions committee approved and passed on to the delegates proposals that would:

1. Establish a state-run lottery. 2. Urge state licensing of chiropractors. 3. Oppose weakening the nation's internal security laws. 4. Condemn beauty contests sponsored by civic organizations.

Committee Chairman Thomas S. Twyford said the purpose of the lottery would be to ease the burden of state income, gasoline and tobacco taxes.

The resolution did not specify the mechanics of the lottery. Most are based on horse races similar to the Irish sweepstakes, or numbers draw, like the Cuban federal lotteries.

## More Room Is Needed As Offices Legion Building Sought by Board

The administrative offices of the Kingston School District (Consolidated) are literally bursting at the seams and the board of education is urgently considering the acquisition of additional space.

A number of possibilities were discussed last night, including the purchase of the American Legion building, 18 West O'Reilly Street. Dr. Earl Soper, superintendent of schools, was directed to make formal query of Post 150 in regard to its feelings in the matter.

### \$48,000 Approved

The budget, adopted last night, contains an item of \$48,000 for acquisition of additional administrative space, specifically a "new administration building."

This item was criticized sharply in a communication from Howard L. Fox, newly elected member of the board, who takes office at the annual meeting July 1.

In a letter to President Robert Herzog, Fox said he felt the item should be stricken from the budget.

"Our taxpayers do not have an opportunity to vote on our school budget, but if they did, I'm sure that they would vote against your proposal to spend \$48,000

## Roseton Loses Bid To Halt Ballot On Consolidation

ALBANY, N. Y. (AP)—A band of taxpayers failed in a last-ditch legal effort to block an election today that could result in school taxes 16 times higher than what they now are paying.

The Court of Appeals refused Thursday to hear arguments over consolidation of 10 rural districts with Newburgh city schools. The court action cleared the way for the vote.

The Roseton district of 100 voters, smallest of the 10 involved, oppose consolidation. Its one-room school is virtually supported by the taxes the Central Hudson Gas & Electric Co. pays on a generating plant assessed at 18 million dollars.

Taxpayers in the Roseton district pay a levy of \$1 per thousand of assessed valuation.

Under the consolidation, the utility's taxes would go into a pool with other taxes from the enlarged district. Roseton taxpayers then would have to pay \$16 per \$1,000 valuation.

About 5,000 are eligible to vote throughout the area involved in the consolidation. The votes will be counted in one bloc.

The Roseton district held up votes twice previously by obtaining injunctions from lower state courts.

## Parents Send Protest On School Bus Plans

The Kingston School District (Consolidated) Board of Education took cognizance last night of a resolution asking liberalization of its transportation plan for children in the enlarged city school district but did not indicate that it contemplates any changes.

The resolution was adopted Monday evening at a meeting of the transportation committee of the Resident and Taxpayers Groups of the Chambers, Lake Katrine, Hurley and Port Ewen areas. Attorney Arthur Ewig is counsel for the group.

Time Too Short

It was reported last night that the board had invited the group to appear at the meeting but its spokesmen had declined to do so, feeling that the time was too short to assemble data, photographs, etc., for presentation.

Under a resolution adopted recently by the board, bus service will be provided elementary school children living more than a mile from school and junior and senior high school students living more than two miles from school.

The action is being protested by parents with children who live less than those distances

from school, particularly those whose children must traverse heavily traveled roads in hazardous traffic areas.

Sentencing Is Due In Court Monday In Mohican Case

Although two weeks of the adjourned April term of County Court was consumed with the trial of the Mary Doyle grand larceny trial, County Judge Louis G. Bruhn also disposed of several other criminal cases and a total of 22 civil cases before the jurors, brought back for the June adjourned session, were excused.

The last civil action tried was one involving automobile negligence brought by Paul M. Levine against Robert E. Johnson arising out of an accident in the Town of Wawarsing. Lawrence Levine appeared for plaintiff and John L. Larkin for defendant. A verdict for plaintiff for \$645.95 was returned by the jury after six hours of deliberation. A counter claim resulted in no cause.

Woman Found Guilty

Monday sentence will be pronounced by Judge Bruhn in the Mary Doyle grand larceny case. Mrs. Doyle, a former employee of the Mohican Company, was found guilty of grand larceny arising out of a shortage of over \$10,000 in company funds. Joseph Avis appeared for defendant and Assistant District Attorney John J. Gotelli and Joseph Torracca for the prosecution.

Also adjourned for sentence (Continued on Page 6, Col. 5)

The letter, directed to Dr. Earl F. Soper, superintendent of schools, asks for further consideration of the school transportation program and requests an opportunity for groups opposing the plan to meet with the board and present their views.

## Area Burglaries Under Probe by Troopers, Police

A Kingston safe theft and a rash of Woodstock burglaries were under police probe today.

Nearly \$400 was reported taken from a safe in the J. B. Back & Co., Inc. cigar plant, 84 Wilbur Avenue, and burglaries Thursday night and earlier in the week at Woodstock were reported to state police.

At Woodstock breaks were reported Thursday at Deanie's Restaurant, the Seahorse Restaurant and the Irvington Inn.

Use Fire Escape

The Back building was entered by a rear fire escape and the prying of a second-story window. The heavy safe, four feet high and about two feet wide, was pushed over and its door was removed. Cash boxes were removed and pried open.

Detective Leonard Ellsworth with officers Ernest Bartroff and Edward Edwards opened investigation this morning. Aspects of the theft, police said, indicates it was not committed by amateurs. The building housing the plant is the former School No. 1.

Safes Removed

Several safe burglaries were reported earlier this year and in three of them safes were removed from buildings. One weighing 800 pounds was removed by truck from the Lynch Auto Parts building, St. James Street, was found a day later in the Eddyville area, and returned to its owner.

At Deanie's in Woodstock entrance was gained by forcing a back door but only a small quantity of food was taken.

A small amount of cash was taken from the cash register at the Irvington.

Dick Stillwell, proprietor of the Seahorse, said entrance was gained through a "trap" to the bar.

He said they broke open a coin box on a bowling machine and a small coin box in the cash register. The bowling machine (Continued on Page 2, Col. 2)

Weather Favors Heavy Title Bout

NEW YORK (AP)—Clearing skies and more favorable forecasts brightened hopes that the once-postponed Floyd Patterson-Ingemar Johansson heavyweight title fight may go on tonight.

Workers were busy preparing the Yankee Stadium grounds, which were drenched by heavy rains Thursday.

Shortly before noon the clouds began breaking up and the sun made periodic appearances. The Weather Bureau forecast more sun in the afternoon and only a slight chance of afternoon and evening thundershowers.

Ewig Asks Future Meeting With School Board for Full Airing of Bus Service

A request for a meeting with the Kingston Board of Education (Consolidated) is contained in a letter delivered today by Attorney Arthur B. Ewig, counsel for the transportation committee of the Resident and Taxpayers Groups of the Chambers, Lake Katrine, Hurley and Port Ewen areas.

The letter, directed to Dr. Earl F. Soper, superintendent of schools, asks for further consideration of the school transportation program and requests an opportunity for groups opposing the plan to meet with the board and present their views.

## Calls Route Symbol of Friendship President, Queen Give Brief Talks

MONTREAL (AP) — President Eisenhower, at ceremonies formally opening the St. Lawrence Seaway today, called the new water route "a magnificent symbol to the entire world of the achievements possible to Democratic nations peacefully working together for the common good."

The President joined Queen Elizabeth II here for a five-hour cruise through 31 miles of the seaway aboard the royal yacht Britannia.

Monument for Two

In her speech the Queen emphasized that the seaway is a product of the joint efforts of the United States and Canada, a "monument to the enduring friendship of our two nations."

Both the Queen and the President spoke from brief prepared texts.

President and Mrs. Eisenhower flew from Washington to Canada's St. Hubert Air Force Base near Montreal this morning. Elizabeth and Prince Philip, who are on a six-week tour of Canada, met them there. Canadian Prime Minister John Diefenbaker and his wife were present when the presidential party arrived.

The main ceremonies took place at St. Lambert Lock, the eastern gate of the seaway, on Montreal's doorstep.

Says Cooperation Cherished

Eisenhower said Americans cherish a record of cooperation and the development of reciprocal trade with Canada.

"There have been and are still problems to solve between us," he said. "But in the past as now we never have faltered in our conviction that these must be settled by patient and understanding negotiation, never by violence."

Eisenhower saluted the architects, planners and workmen who brought the seaway to reality and said former President Herbert Hoover and Canada's former Prime Minister R. B. Bennett "helped create the sentiment for this great development."

Tribute to President

The Queen opened her speech with a personal tribute to the President. She said thousands of British Commonwealth fighting men were "proud to serve under your leadership until the ultimate victory was won. We have a special welcome for you as Gen. Eisenhower."

Elizabeth recalled centuries-old dreams and plans for a deep-water route to the Great Lakes and praised the common efforts of Canada and the United States in bringing them to reality.

## Javits Tells VFW Parley American Spirit Lacking

BUFFALO, N. Y. (AP) — Sen. Jacob K. Javits says the United States does not seem to be showing the zeal for the cause of freedom that the Russians show for the cause of communism.

Javits told delegates to the state convention of the Veterans of Foreign Wars here Thursday night. "This is a very dangerous situation."

He said the U. S. must not fail in the economic, social and propaganda struggle with communism. Failure would mean that "the target we will present to the communists will be so tempting that they may very well be unable to resist the effort to administer the final blow by the use of armed force."

The senator called for support for strong armed forces, assistance of all kinds to other nations,

school improvements and respect for the international law in settling problems among nations.

The convention resolutions committee approved and passed on to the delegates proposals that would:

## Weather Blamed For TV Ghosts

If ghosts have been walking across your TV set or you have had Spanish music coming in where it does not belong, it probably is not your set. This freak reception is due to the weather, a "normal phenomenon," TV repairmen call it.

For some time TV servicemen have been receiving an unusual number of calls involving "interference" from other stations and at times "ghosts" walk over the screen.

Earl Gilchrist, Bloomington TV man, reported today he had received from 20 to 30 calls for service from area people. The distortion and interference is described by TV men as due to the heat and cold waves which have abounded recently.

L. B. Watrous, Kingston TV man, reported interference and also the receipt of repeat programs from western stations which are programmed an hour later than the local New York stations. The principal interference has been reported from Channels 2, 4 and 5. At times Spanish music is heard over these channels, apparently from a Cuban station.

It is not your set, it is a normal hot-cold weather situation which produces this phenomenon and causes the TV waves to stray from their usual course, TV men say.

## Charge Against Uhl Dismissed After Trial

A charge dealing with alleged resistance of a police officer in performance of his duty, against James J. Uhl, 20, of East Chester Street Extension, was dismissed after city court trial today.

The arrest dates to May 2 and the defendant then pleaded innocent to the court but paid a \$15 fine on a speeding charge. It was alleged that he had resisted Officer Frank Stip.

Attorney Frank Martocci appeared for the defendant and John E. Gotelli for the district attorney's office.

James D. Smith of Accord was fined \$15 on a charge of speeding, and Robert Ferrell, of 68 Garden Street, paid \$5 on a stop-sign charge.

had been emptied Tuesday, so contained little money.

**Neighbor Hears Noise**  
There was also an attempt to pry open the cigarette machine, but this failed, perhaps due to the fact that a next-door neighbor, Adolf Heckerth, came over to see what was going on.

Mrs. Heckerth woke early Thursday morning when she heard noises which she thought came from the Heckerth Plumbing offices. She woke her husband who went to investigate.

According to Stillwell, Heckerth saw "a couple of fellows" running up the road. They apparently "left hurriedly," he said.

Some time Tuesday night the American Legion Club was entered by breaking a padlock on a door leading to the bar.

The entrance was discovered by Jack Chalmers, a member of the club, when he arrived Wednesday. Money from the cash register and pinball machine amounting to about \$39 was reported missing. Also taken were cigarettes and two bottles of Scotch.

The breaks are under investigation by Cpl. Edward Shannon and Trooper Charles Teelon, BCI, of the Kingston State Police.

## Federalists Sweep Girls State Voting

A Westchester County Girls State delegate headed a Federalist sweep in the Thursday afternoon elections at New Paltz State Teachers College, and an area delegate on the opposing ticket lost in the race for comptroller.

Victoria Lynn Hall of White Plains was named Girls State governor.

Alva Hellstrom of Palenville, Greene County, was the losing candidate for comptroller on the Nationalist ticket.

Others elected were Olivia Richardson of Pelham, lieutenant governor; Ann Marie Olson of Jamestown, comptroller; and Gerda Kohlheb of Grove Street, Brooklyn, attorney general. Miss Kohlheb was born in a concentration camp in Germany where her mother died during World War II. She has been an American citizen for eight years.

Alix Schmeberg of Ossining, losing candidate for governor, was appointed by Miss Hall to serve as secretary of state.

Formal inauguration ceremonies are scheduled for 8 o'clock tonight in the lounge of the College Union Building. Deputy Secretary of State Bernard Gordon of Albany will administer the oath of office.

During this morning's session Mark McCloskey, chairman of the New York State Youth Commission, addressed the assembly on "Being Young in America."

The girls return to their homes Saturday morning.

## Back State Tax Of Delinquents Tops \$200,000

ALBANY — Voluntary payments of back state income taxes today topped the \$200,000 mark, it was announced by Commissioner Joseph H. Murphy of the Department of Taxation and Finance.

Delinquent taxes totalling \$25,447.45 were received from 240 taxpayers during the first half of June, bringing to 2,092 the number of persons who have come forward to pay back taxes representing a cumulative total of 5,900 years. Taxes paid in this manner since voluntary payments began in March are \$224,177.65.

The following payments were received from the seven state tax districts: Albany, \$6,900.21; Brooklyn, \$7,915.45; Buffalo, \$1,325.39; New York, \$4,811.25; Rochester, \$963.85; Syracuse, \$2,057.18 and Utica, \$1,474.12.

## Dutchess Man Is Hit-Run Victim

James John Stiehle, 24, of Clinton Corners, was found dead alongside the Bangall-Amenia road in the hamlet of Bangall, Town of Stanford, Dutchess County, early this morning, the victim of a hit-run driver.

Millbrook state police said today they were looking for a black 1957 passenger vehicle, not further identified.

They reported that Stiehle, who once lived in Pleasant Valley, has relatives in Acramdale, Columbia County.

## Saugerties Board Refuses Variance For Marine Club

The Saugerties Village Zoning Board of Appeals following a hearing in the municipal building Thursday night refused to grant variance on a Ferry Street property proposed as a new site for the clubhouse of Saugerties Powerboat Association.

The powerboat association had a contract to purchase the former Bogoson property now owned by Anita F. Moran, and sought a variance of the zoning ordinance from residential to private boat club. If granted, the variance would have permitted use of the property for a private boat club only.

**Decision Unanimous**  
The decision of the board was unanimous after considering all evidence. The ruling of the board said such a variance would diminish the value of neighboring properties.

The tract in the contract was comprised of 300 feet on Esopus Creek and 300 front on Ferry Street. The Moran property is on the opposite side of the creek from the present site of the association's clubhouse.

Daniel N. Lamb, member and attorney for the association, said no decision has been made whether future action will be taken to appeal the decision. The decision of the zoning board could be appealed to the Village Board of Trustees and the New York State Supreme Court.

Mr. and Mrs. Harry Smith and Mrs. Norma Nelson appeared for the petitioners opposing variance. However, Mrs. Nelson removed her name from the petition after hearing the evidence.

**Four Appear**

Appearing for the powerboat association in addition to Attorney Lamb were Commodore Richard Letzette, Jerome Daley, and Ben Sanford.

The association was planning to relocate its clubhouse to provide room for expansion. This has been the second time the zoning board headed by Albert L. Giannotti, chairman, has refused variance on the same parcel. Last July William T. Trumppour Jr. and Elinor Trumppour Jr. sought a variance to contract to purchase and variance was sought to permit the establishment of a boat basin.

The President's schedule in Canada covered 7 1/2 hours beginning with Elizabeth, who was greeted at the airport by St. Lambert Locks, at the St. Lambert Locks for the ceremonies.

More than 500 guests, including officials and dignitaries of 50 nations, were invited to the St. Lambert ceremony.

Warships of the United States, Canada and Britain were to escort the Britannia through the St. Lambert Locks, the seaway's eastern gate.

After the cruise to Beauharnois Locks, the President was to make an evening flight back to Washington. The Queen was to continue on the yacht to the area of the St. Lawrence lying between Cornwall, Ont., and Massena, N. Y.

This is the site of a joint U. S.-Canadian power project using the power of the St. Lawrence's cascading waters. Vice President Richard M. Nixon will meet her there Saturday.

Dr. Soper explained that expansion had overtaken available space before consolidation, although consolidation has aggravated the problem.

**More Work Done**  
He said the amount of work done by the office was considerably increased for a number of reasons—school tax collections (formerly handled by the city treasurer), now by the school system; social security plan, withholding plan, etc.

Soper explained that his office has also waged a number of information campaigns, printed extensive literature of various kinds, all requiring an expansion of staff and equipment.

The possibility of transferring part of the administrative offices to rooms now occupied by the custodian in George Washington School was discussed. Dr. Soper indicated that the new assistant superintendent of schools might possibly use those quarters. This would split the administrative offices, of course, which is considered disadvantageous to the best interests of efficiency in the school system.

For President Eisenhower, it was the mark of his success in getting U. S. participation in the St. Lawrence Seaway approved by Congress—after other presidents before him had failed.

For Elizabeth, it emphasized place as Queen of Canada, and was the high point of her current tour across her North American territory. The Seaway has been in actual operation since April, but the ceremonial opening was delayed for the Queen's participation.

Today's highlight, after brief remarks by the President and Queen, was a 31-mile cruise into the seaway through some of the locks which enable ocean ships to rise from sea level to the Great Lakes and proceed as far as Duluth, Minn.

The Queen's six-million-dollar yacht Britannia was polished for the five-hour trip carrying the President and Elizabeth from the St. Lambert Locks, at Montreal's doorstep, to the Beauharnois Locks upstream.

## Think It Through

E. F. HUTTON  
TOO MUCH IS ENOUGH!

The Federal Government has its cold and clammy hands on  
seven and a half million bales of cotton. And more is coming.  
There is over one year's supply of wheat — and another crop  
on the way; also, a half year's supply of corn — and more com-  
ing.

E. F. HUTTON

Uncle, I ask you: Where, oh where, are  
you going to find more storage bins?  
Politicians have attempted to solve the  
farm problem for 40 years, and it gets worse  
daily. But the politicians never say: Die.  
They say: Pay.

We have earmarked seven billion \$s, nearly  
one-fifth of the domestic Federal budget,  
for agricultural programs this year.

The time to face up to facts is past due.  
The farm economists should study law, the  
law of supply and demand. But will they do  
that? Ah no! There are too many Govern-  
ment jobs at stake.

Grover Cleveland, when President, said: "Public office is a  
public trust."

It's getting to be a public racket.  
Producing crops to sell to the Government instead of domes-  
tic and world markets is one big reason taxes and prices are so  
high. More taxes are coming. More corn is coming. It's corny!  
It's amazing how people as smart as we claim to be can be as  
dumb as we are.

The one encouraging thing about it is that a lot of farmers  
are getting to be smarter than the politicians.

lery reception, from 4 to 6. Non-  
members may attend these color-  
ful functions. The exhibition will  
run for two weeks, closing July  
8.

Saturday evening, 8.30 there  
will be a "Gallery Evening" ar-  
ranged under the direction of  
Extension Chairman Gabriel La-  
derman. Kurt Seligmann will  
talk on "Fantastic Art, Surreal-  
ism and Art Now." Seligmann  
was one of the original surrealist  
group and exhibited with them  
for a number of years in Europe.  
He is represented by works in  
the collections of many major  
U. S. museums. He is no longer  
a surrealist although his paint-  
ings would still be considered  
fantastic art.

Cajori, his co-juror, has showed  
nationally, at the Whitney Mu-  
seum, Carnegie Institute and the  
Corcoran Gallery in Washington.  
This year he was awarded the  
Gold Medal as the Painter of the  
Year by Yale University. He  
teaches at Cooper Union.

### Two Men Rescued

TORONTO (AP) — This Cana-  
dian city was the port of call to-  
day for two Syracuse, N. Y., men  
who had set out for their home  
city.

Elmer Van Der Wege, 52, and  
William Drake, 72, were picked  
up Thursday from their drifting  
cabin - cruiser in Lake Ontario.  
The Ingrid Welde, a German  
freighter bound here, took them  
aboard.

The two men had left from  
Fishers Landing (Jefferson Coun-  
ty), N.Y. Their compass went out  
of order and they eventually ran  
out of gas. They drifted for nine  
hours before being rescued.

## Plant Not Going To Move, Striking Machinists Told

ELMIRA, N. Y. (AP)—Striking  
employees of the American La  
France Corp. have been told that  
the corporation has no plans to  
move its operations.

In a statement, Dan S. Ellis,  
president of the division of the  
Sterling Precision Corp., said  
there was no truth to the story  
that the company planned to close  
its plant here.

Officials of the union represent-  
ing the striking workers, the In-  
ternational Assn. of Machinists,  
said Thursday at a news confer-  
ence they had been informed by  
a federal mediator that the plant  
would be closed and that dis-  
charge notices would be mailed  
to the plant's 900 workers.

Federal mediator James Carroll  
of Syracuse, denied he had made  
the statement. Carroll has been  
trying to work out a settlement

to the strike which began June 1.  
The corporation manufactures  
fire-fighting equipment.

Company and union officials ex-  
changed and rejected offers at a  
meeting Thursday night at City  
Hall. Mayor Edward A. Moores  
and other city officials attended  
the meeting.

Originally, the union had asked  
a 10 per cent general wage boost  
with fringe benefits.

No action was reported on the  
union's latest offer of a 14-cent  
hourly wage boost over a three  
year period.

The meeting was adjourned to  
today.

The union had planned a mass  
picketing demonstration today but  
called it off in view of the con-  
tinued negotiations.

Pre-strike wage scales were not  
available.

### Graphic Workshop In Second Season

The Graphic Workshop of the  
Woodstock Artists Association  
announces its second season un-  
der the direction of Gabriel La-  
derman. Instruction in etching,  
lithography and other intaglio  
processes will be offered.

Laderman is in charge of the  
graphic workshop at the State  
Teachers College at New Paltz,  
where he teaches beginning, ad-  
vanced and graduate graphics.  
Marianne Endriss, a senior at  
Pratt Institute, who is a scholar-  
ship student at the Art Students  
League in Woodstock this sum-  
mer, will provide technical as-  
sistance. Miss Endriss has stud-  
ied etching, engraving and litho-  
graphy with Walter Rozgalski and  
woodcut with Jacob Landau.

Laderman will give three  
hours of criticism and demon-  
stration per week. Miss Endriss  
will be available for the remain-  
ing six weekly hours of work-  
shop instruction.

The shop is also open to the  
use of technically proficient pro-  
fessionals who wish to use its  
facilities (presses and equip-  
ment).  
In the past year Laderman  
has shown extensively in such  
places as the Library of Con-  
gress, The Brooklyn Museum  
Print Annual, The Philadelphia  
Print Club, Tanager Gallery,  
Terrain Gallery and Meri Gal-  
lery. He has had one-man shows  
of prints at the Three Arts Gal-  
lery in Poughkeepsie and the  
State Teachers College Montclair,  
N. J., which purchased the print  
"View of Poughkeepsie" for its  
permanent collection. Ellanore  
Lockspeiser, who began her  
study of etching last summer  
with the graphic workshop, has  
not only sold a number of prints  
during the past year, but will  
have a one-man show of her  
etchings at the Wittenborn Gal-  
lery in New York this winter.  
Other members of the workshop  
who have been exhibiting in  
national juried shows are Jean  
Leeman, Ethel Leventhal, Sam  
Gelber and Sadie Rosenblum.

The workshop will meet Mon-  
day and Friday afternoons, with  
technical assistance, and every  
Wednesday evening from seven  
to ten with Mr. Laderman.

### Attending Workshop

Joan E. Pond, of Bearsville, is  
now at Willmatic, Conn. where she  
is attending the intensive Arts and  
Crafts Workshop at the Connecticut  
State Teachers College there. This  
is one of the leading "fresher  
workshops" in the Eastern United

### Christ Lutheran Members Approve New Parish Hall

Christ Lutheran Church this  
week by a vote of 25 for and 2  
against approved tentative plans  
for a new parish hall to be built  
on the rear of the church. The  
pastor, the Rev. G. Oliver Sands  
opened the meeting with prayer,  
after which he turned the lead-  
ership meeting over to Marlin  
Klinger, chairman of the build-  
ing committee, who showed large  
scale drawings for the prelimi-  
nary plans drawn up by Karl  
Sieger, Lower Ohayo Mountain.

The building committee is  
composed of Klinger, chairman;  
Albert Holmzger, Raymond Sny-  
der, Fred Thaisz Sr. and Donald  
Zimmerman.

The estimated cost is \$31,000,  
for which gifts and donations  
will be welcome. The finance  
committee is composed of John  
Wolven, chairman; Miss Mar-  
garet Zelfiff, Mrs. Elsie Zimmer-  
man, Fred Thaisz Jr., and Percy  
Crosswell.

### Schroeder Graduates

Karl F. Schroeder, son of Mr.  
and Mrs. Karl Schroeder, Ohayo  
Mountain Road, graduated from  
the University of Maryland, June 6,  
with a B.S. degree in electronics.  
He is now employed with U.S.I.  
Robodyne, Silver Springs, Md., as  
an associate engineer.

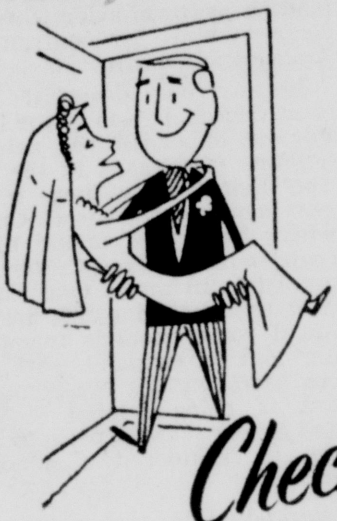

### Fellowship Family Schedules Meeting

Mr. and Mrs. Marlin Klinger  
and Mr. and Mrs. Frank Ro-  
bertello have announced a meet-  
ing of the Fellowship Family of  
Christ Lutheran Church on the  
church grounds with a picnic  
style supper at 5:30 p. m. They  
are planning devotions, an at-  
tractive program and games for  
the younger set. School age boys  
and girls and young people and  
their families are especially wel-

## Paper Workers Strike Over Job Elimination

CASTLETON, N. Y. (AP) — More than 300 workers at the Fort Orange Paper Co. plant here were on strike today in protest over a company plan to eliminate several jobs.

Members of Local 22, Pulp, Sulphite and Paper Mill Workers Union, struck Thursday, 24 hours ahead of schedule.

Negotiations continued.

Paul J. Hayes, international union representative, said the men walked out ahead of time because the company was not preparing for a shutdown. The union had called the strike for today but the company continued normal operations.

The union had asked the company to offer a wage increase in contract talks. The company said it would not make an offer until the union agreed to elimination of several jobs management says are unnecessary.

## Johnson's Dilemma Shown Clearly by Veto of Bills

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — President Eisenhower's veto of the wheat and tobacco bills illustrates the dilemma of Sen. Lyndon B. Johnson, leader of the Senate Democrats.

Johnson and his fellow Texan, Speaker Sam Rayburn, leader of the House Democrats, were able to muster enough votes, but only a majority, to pass the two bills which they knew beforehand Eisenhower didn't like.

But to re-pass them over a presidential veto requires a two-thirds vote of both houses, far harder to get than a simple majority and in this situation practically impossible.

**End to Programs**  
Therefore, Eisenhower's veto Thursday night just about means no new wheat or tobacco programs this year.

In both houses the Democrats have a huge majority over the Republicans: 64 to 34 in the Senate, 283 to 133 in the House. But in neither house do the Democrats have two-thirds of the membership.

For that, they'd need 66 senators, or two more than they have, and 290 House members, or seven more than they have. So even if Democrats voted solidly, and they seldom do, they'd still need Republican help to override a veto.

**Veto Mighty Weapon**  
Thus Eisenhower, although his Republicans are badly outnumbered, has in his threat of a veto a mighty weapon to push the Democratic leadership into shaping legislation into a form acceptable to him.

This is an amazing situation, particularly in view of this fact: In the past three elections—even in 1956 when Eisenhower himself was winning a second term—the voters trusted the Democrats more than the Republicans to do what they wanted by giving them control of Congress each time.

And Johnson, who describes himself as a "prudent progressive," has sought a middle ground and with this explanation:

That he has a responsibility for getting legislation through Congress and would rather see Congress achieve a record of legislation passed than create political issues or controversy by seeking legislation which may be vetoed.

The result: He has made a policy of shepherding through Congress fairly conservative legislation. This is: legislation which has a good chance of getting a majority vote and still falling within Eisenhower's requirements.

This Congress, like others before it, and despite liberals' claims that the overwhelming Democratic victory last November was a mandate for liberal legislation, is made up of three groups:

The reactionaries in both parties, a fairly small gathering, on one end; a handful of liberals in both parties on the other end, and in

the middle, by overwhelming number, the conservatives.

**Plays to Middle Group**

Johnson constantly plays to that big middle group. At any given time this middle-of-the-road approach will be too progressive for the reactionaries, too conservative for the liberals.

By standing on the middle ground Johnson is beginning to draw the fire of liberal groups and even non-congressional leaders in his own party. Members of the advisory council of the Democratic National Committee.

They have generally taken this position:

Johnson shouldn't let himself be pushed, by the specter of a presidential veto, into blessing legislation Eisenhower may approve. Instead, they contend, he should fight for far more extensive legislation.

**Could Be '60 Issue**

Behind this reasoning is the argument that if the bolder legislation is killed by a Republican veto, the Democrats will have a better political issue in the 1960 elections.

But Johnson and Rayburn, because they are the Democratic leaders in Congress, can reply that they have built over the years a congressional record which must have pleased the voters since the Democrats have been given control of Congress in the past three elections despite Republican control of the administration.

**Seeking More Members**

LOS ANGELES (AP) — Labor unions are failing to keep their memberships numerically abreast of the nation's population growth, says a top AFL-CIO official.

John W. Livingston, national organizing director, told the convention of the Retail Clerks International Union Thursday that 39 per cent of the U.S. labor force belongs to unions, compared with 40 per cent six years ago.

"There are now 43,500,000 workers eligible for union membership," he said. "We've got 17,200,000 of them. That leaves more than 26 million to go—a long way."

## Note Directs Postman To Body in Automobile

GALWAY, N. Y. (AP) — The note in the mailbox at the home of Mrs. John Squires told the postman her body was in a car in back of the house.

"She asked me to call the police and tell them before her husband got home. . . she didn't want him to find her. Said she was worried about her health and didn't want to tie him down any longer," Mailman Fred McCane told police Thursday.

Saratoga County Coroner William Hickey said Mrs. Squires, a housewife, had killed herself with carbon monoxide from the car's exhaust.

## PSC Head Held As Drunk Driver; Car Hits Woman

NEW YORK (AP)—State Public Service Commissioner Francis T. Mylott was arrested Thursday night on a drunken driving charge after his car injured an elderly woman pedestrian.

Police said Mylott, 61, also was charged with failure to yield the right of way to a pedestrian, refused to take a drunkometer test.

The injured woman, Mrs. Angela Asano, 79, was treated at a hospital for face and body bruises. Police quoted witnesses as saying she was crossing First Avenue at 59th Street when Mylott's auto, a state-owned vehicle, hit her.

Mylott was en route from his Manhattan office to his home in Jackson Heights, Queens.

He was released in \$1,000 bail for appearance today in Vehicle Accident Court.

Mylott first was appointed a member of the PSC by former Gov. Thomas E. Dewey on March 1, 1949, to fill an unexpired term. He was reappointed by Dewey on Jan. 22, 1951, for a full 10-year term. The post pays \$22,000 a year.

Mylott, considered an expert on utilities affairs, is married, the father of one daughter, and has two grandchildren.

## Glancing Over TV Bill of Fare

By CYNTHIA LOWRY

NEW YORK (AP) — Television viewing during the next seven days offers considerable diversity—from Queen Elizabeth unveiling a plaque to the Rev. Billy Graham chatting with Jack Paar.

Looking the situation over chronologically, it opens Saturday when ABC points its cameras at Her Royal Highness and Vice President Richard M. Nixon in the center of the Moses-Saunders International Dam near Massena, N.Y.

CBS will show the running of Belmont's \$50,000 Sysonby Handicap. There will be the usual fare Saturday night.

Sunday's earlybird viewers might be interested in ABC's Johns Hopkins File Seven showing something of the life and ideas of Charles Darwin. Open Hearing, ABC's Sunday think program will take up the world problem of refugees and on NBC Thomas Patton, president of Republic Steel, will represent the steel companies' view point in the current negotiations.

In the early evening Janet Blair and John Raitt on the NBC Chevy Chase Show will be joined by funnyman Howard Morris and funnywoman Pat Carroll. Ed Sullivan plays host to Duke Ellington and Frankie Avalon, among many others on CBS.

Big item of the evening is Dick Clark's special — "The Record Years," a full hour on ABC.

Monday brings the premiere of a new five-a-week daytime show on marital problems, "For Better or Worse," on NBC.

Vic Damone and Jane Powell will share the CBS camera with Garry Moore Tuesday night, in the Moore's last show of the season and a few minutes later the Rev. Billy Graham will visit NBC's Jack Paar.

The live U.S. Steel Hour on CBS Wednesday evening stars Eddie Albert, Carol Lawrence and Frank McHugh in "The Apple of His Eye." Thursday night a panel show, "Who Pays?" starts on NBC with Mike Wallace hosting.

The first successful cotton mill in the United States opened at Pawtucket, R. I., in 1790.

## General Brock to Get Retirement Promotion

ALBANY, N. Y. (AP) — Maj. Gen. Ronald C. Brock will be promoted to lieutenant general when he retires July 29 as commander of New York's National Guard.

Gov. Rockefeller said today the certificate of Brock's appointment would be presented to him at a National Guard review in his honor at Buffalo tonight.

Brock announced his retirement plans last winter.

Rockefeller's office said a successor had not been selected yet.

## Discoverer Fails In Coast Firing

VANDENBERG AIR FORCE BASE, Calif. (AP)—The Air Force says its latest Discoverer satellite rocket, loaded with secret gear, failed to go into orbit.

Experts were trying to learn why. The weight of the rocket's space capsule—more than 300 pounds—caused speculation that it might contain some type of scanning equipment. The Air Force was silent on this.

The rocket was fired at 3:49 p.m. in a test of complex equipment which will carry monkeys into space this autumn. There was no life aboard the fourth Discoverer rocket.

## Thor Missile Is Fired Thursday. By U. S. Air Force

CAPE CANAVERAL, Fla. (AP) —The Air Force fired its Thor intermediate range ballistic missile on a 1,500-mile-reliability flight Thursday night.

The 65-foot Thor, which doubles in brass as a war rocket and satellite booster, carved a fiery path through a clear sky in what appeared to be a perfect launch.

Earlier, another Thor served as the first stage for a Discoverer satellite rocket launched at Vandenberg Air Force Base, Calif. The satellite did not orbit, however.

The Air Force missile training center announced that the Cape shot was another in a series to improve the missile's accuracy as a war weapon.

## Office Is Still Sought by Mental Health Group

The Ulster County Mental Health Association is still seeking office space — a desk and telephone for volunteer staff — it was reported at a meeting of the association Thursday night in the Governor Clinton Hotel.

Location of a permanent office was referred to a special committee for further study—Mrs. Herbert Shultz, chairman; Mrs. Kenneth Davenport and Albert C. Kurd.

Possible locations were discussed, including the Tumor Clinic or the Mental Health Clinic itself.

President Robert Sabin said in a message to the association meeting, attended by 40 people, that modern life makes greater demands on emotional health than ever before in human history.

He said it is recognized by the leaders in the field of mental health that modern life is responsible for many stresses and strains that take their toll in mental disease of various kinds. "The likelihood at this time is that life will become increasingly more complex rather than less so, and that the problems will become more acute than diminished."

"It is difficult to believe that the very goals for which men have striven bring perils in their wake. Liberty, literacy and democracy—these are goals we are, and eagerly as we wish to make them world-wide for everyone—nevertheless, impose a greater need for discipline and decision on everyone."

"In the past when men believed what they were compelled to believe, they were freed from the decisions of autonomous individuals. Individuality has brought in its train rights that we would not wish to lose under any circumstances, but it has also brought the necessity for each man to function thoughtfully and with understanding. This is not easy. Frequently, there are doubts, guilt, lack of self-control and hostility."

He pointed out that modern life makes unusual emotional demands and that it is no wonder then that man has to better learn how to live with his emotions, both in relation to himself and in relation to others.

See Great Stride Possible

"It is not idle prophecy to state that a time will come when preventive psychiatric treatment will be as common as other preventive medicines. Today in medical schools doctors are receiving training in all phases of psychiatry."

"The achievement of an effective, world-wide program for mental health understanding can create a great stride forward toward the solution of the problem of human relationships. Better human understanding will help prevent future wars. It is not too far fetched to state that 'swords will be turned into ploughshares' when men will come to have insight into their own feelings and actions."

Everyone working in the field of mental health is contributing to such time.

## House Leaders Balk At Major Tax Changes

WASHINGTON (AP)—House tax leaders balked today at accepting major tax law changes added by the Senate to a bill to continue corporate and excise tax rates at their Korean War level for another year.

Rep. Wilbur D. Mills (D-Ark), chairman of the tax-writing House Ways and Means Committee, told a reporter the House would insist on limiting the legislation to a simple extension of the current rates.

In a session running past midnight, the Senate voted to repeal the 10 per cent passenger travel tax, kill the 4 per cent dividend tax credit, repeal the 10 per cent communication tax next year, and increase federal old age grants 142 million dollars.

## Miss Saugerties

functions and will serve as emissary of good will for the community.

Resident of Flatbush Miss Rethier, first runner-up, is the daughter of Mr. and Mrs. Henri Rethier of Flatbush. She is the sister of Jacqueline Rethier, chosen Ulster County's Page One Queen last year by the Kingston Newspaper Guild.

Judith Kaminski, last year's first runner-up made the presentation of this year's runner-up, and Susan Harris, last year's second attendant presented the new second attendant with a gold loving cup.

Kay, Moose of West Camp, Miss Saugerties of 1957 presented the loving cup to the new Miss Congeniality.

The special award to the contestant selling the most coronation ball tickets was presented to Nancy Misasi by Mrs. Joan Feldmann, pageant director.

Notables in Panel The judge's panel also included Mrs. Elizabeth Ruffner of High Falls, former noted model of New York City, and wife of Edmund "Tiny" Ruffner, retired radio personality; Mrs. Mona Smith, the Prudence Penny of the Albany Times-Union; Ted Ralph, CBS set decorator; and Norbert Heermann of Woodstock, noted portrait artist.

The awards for the new Saugerties queen include a "fabulous weekend" in the New Jersey seaside resort, Atlantic City; a silver loving cup; two pieces of luggage, an engraved sterling silver bracelet, a chaise longue, hair settings for each official appearance throughout the year, and an arm bouquet donated by the Flower Garden of Saugerties.

DENISE RETHIER

Miss Congeniality was awarded a gold loving cup and a bouquet supplied by the Flower Garden.

The winners were chosen on the basis of personality, poise, beauty of face and form at the annual pageant sponsored by Saugerties Area Chamber of Commerce last Saturday at Sacks Lodge, Katsbaan.

Other pageant committee members include Edward Feldmann, Mr. and Mrs. John J. Kaminski, Mr. and Mrs. Vincent Amrod, and Miss Janet McCaig. Myron G. Banks, president of the Chamber delivered a brief welcoming address and introduced John Lynker, master of ceremonies.

Lynker introduced Miss Altevogt, the 1959 queen and each of the 27 contestants prior to the talent show presented by the girls.

Following the crowning, Johnny Knapp and his orchestra played music for dancing.

## Financial and Commercial

NEW YORK (AP) — The stock market maintained an irregular edge to the upside early this afternoon. Trading was fairly active. Gains of fractions to about a point among key stocks were somewhat more numerous than losers in the same range. An assortment of stocks not represented in the popular market averages posted gains running from 1 to 3 points.

General Telephone and American Machine & Foundry were among the better gainers, adding more than 3 points apiece. Texas Instrument spurred more than 4 and Polaroid more than 5. International Paper and Du Pont were more than 2 points higher.

Allied Chemical slipped more than a point on profit taking. American Motors was clipped for a loss of about a point, also on profit taking.

Studebaker-Packard and Chrysler lost fractions. Northern Pacific, Illinois Central, Southern Railway and Pennsylvania Railroad sheared fractions from recent gains.

## To Give Payroll Data

WASHINGTON (AP)—The Senate voted early today to push aside the secrecy that has surrounded office payrolls of its members. It agreed to publish the names and salaries of all Senate employees every three months. Office payrolls of individual senators have been kept secret since 1948. Members could make public their own payrolls if they wished. Demands for opening the payrolls to public inspection arose earlier in the year after newspaper stories about House members with relatives working for them. In the House, payroll records are available for examination.

## Parents Send

discuss transportation matters with the board. It was indicated that transportation policy would be very carefully spelled out. There was no indication, however, that the board is seriously considering any major changes in its transportation program.

Chris Larios of Hurley, chairman of the Committee of Fifty, a group serving in an advisory capacity to the board during the transition to an enlarged city district, said the committee was extremely concerned with hazardous conditions along certain roads in the school district, for instance the rock cut on Route 9W, Port Ewen.

## Realizes Difficulty

He said the difficulty was not wholeheartedly in favor of the transportation plan adopted by the board although he realized the difficulty of the board's position in the matter.

All children living on state highways should be transported, he indicated, explaining that this might be described, in general, as the feeling of the Committee of Fifty.

President Robert Herzog said that nothing would "stand" before the State Commissioner of Education who maintains that every street, every road, is a hazard.

Larios replied that degrees of hazard do exist, however, and said he respectfully asked to be permitted to disagree with the position taken by the Commissioner of Education.

## Suggests Agreement

Larios said he was sympathetic with the problem of the parents, as he was with that of the board of education. He suggested as a possible solution some kind of private agreement between parents and bus carriers to transport children not embraced by the board's transportation plan. This cost would have to be met by the parents involved, of course.

## Sentencing Is Due

Monday was the Michael Hodges and Robert Feldt case. The defendants were charged with kidnapping, rape, first degree, and assault, second degree. Under the law a psychiatric examination is required prior to sentence in this type of case.

## Other Criminal Cases

Among the criminal cases which came before Judge Bruhn at the concluding session before the jurors were excused were: The People vs. Hoover Weygant, alias Thomas Herbert Weygant, 32, of Poughkeepsie, who had entered a plea of guilty to taking a church bell from the premises of Franklin Street AME Zion Church. Sherwood Davis appeared for Weygant. A one year suspended jail sentence was imposed by Judge Bruhn and Weygant was placed on probation for the maximum period.

The People vs. James J. Morris, Bronx, who was sentenced to six months in the county jail with credit for the time already served. Bernard Feeney appeared for defendant. Morris had been indicted for grand larceny. A second count of the indictment was dismissed.

The People vs. Richard Marcinkowski, also known as Richard Marcia, of New York City. He was charged with grand larceny in 1956. Under a plea of guilty to petit larceny a 92 day jail sentence was imposed and he was given credit for the time served in jail. Robert Ronder appeared for the defendant.

Other criminal cases will be heard Monday.

## Today Last Time For Mass Search For Missing Boy

As Stuart F. Raleigh and his wife of Fayetteville kept vigil at Winnisook Lodge where their 5-year-old son disappeared 13 days ago, only 65 to 70 searchers entered the woods today in search of the boy.

Today was scheduled to be the final day of the mass search to which thousands of men hours have been devoted without a single clue as to what happened to the boy.

The lake has been drained, the wooded area has been scoured and all buildings in the area thoroughly searched without revealing a single clue.

## Officers to Keep On

After today the search will be continued by state police, forest rangers, conservation men and a small corps of expert woodsmen. The decision to call off the mass search by volunteers was announced Wednesday in a joint statement by Mr. Raleigh and Lieutenant Frank P. Dwyer of the Ferndale state police station.

During the search there have been numerous reports and "clues" from interested persons as well as what the police call "cranks." Each of these have been investigated and traced without any real result.

Praise Volunteers Both the state police and the parents of the missing lad have been loud in their praise for the thousands of man hours spent by volunteers and officials during the search and also to those individuals and organizations supplying food to the searchers.

While the search will go on by a limited group following the calling off of the full-scale investigation, hopes of finding the boy begin to dwindle and the case may go down as a companion case to the mysterious disappearance of 22-months old Richard Holmes who vanished near the home of his parents near Grahamsville in May 1955.

## Talks Too Long

ATLANTIC CITY, N. J. (AP)—Disc jockey Vince Lindner's highway experiment is over. Results: uncertain.

Thursday he wound up a four-day trip all over the state to interview police about traffic safety and prove you could drive around New Jersey without getting a ticket.

He did fine—until Morristown. While Lindner was inside police headquarters talking traffic safety with the chief, a patrolman put a ticket on his car for overtime parking.

## 272 Will Attend Summer School

A total of 272 children (Grades 1-7) have been registered for elementary summer school in the Kingston School District (Consolidated), it was announced today by Principal William Reardon of Schools 6 and 8.

Included in the total are 54 from the Port Ewen attendance area.

Reardon said two, possibly three, classes would be held at the Port Ewen School. There will be 10 or 11 classes at the George Washington School.

Registration has not closed. Parents interested in registering their children should fill out applications which were sent home with children. Or they may contact Reardon's office for information.

The classes are scheduled to

## WHAT YOU SHOULD KNOW ABOUT US . . .

With the increasing interest today in stocks and mutual funds, more and more people are turning to investment firms for advice and counsel. The importance of a person knowing about the firm with whom he deals, prompted us to list a few bits of information about our company.

In 1928 our firm was founded by Eugene A. Chilson and has since that time, been serving institutional and private investors of the area. Over that period, millions of dollars have been conscientiously invested in companies which have kept pace with the world's growth and economy.

We are brokers, dealers and underwriters of a broad range of securities, including listed and unlisted stocks, corporate and tax exempt bonds. As one of the first firms to offer Mutual Funds in 1928 and our experience with them, we consider this one of our strong fields of specialization.

With representatives in Kingston, Newburgh, New York City, Albany and Gloversville, and with an experienced staff of 18, we are qualified and able to serve the needs of the entire upstate area. Since we place a high value on our customer relationship, you'll never find our representative too busy to answer any questions you may have. We, in fact, welcome the chance to answer or explain all questions, and there's never any obligation. We are proud of our record and reputation in this community and hope that we can serve you with the same integrity and service that thousands of our investors, large and small, now receive!

Daughter Fights Will of Father Giving Her \$1,580

TULSA, Okla. (AP)—Mrs. Ann Caviglia claims her father was incompetent when he signed a will leaving nearly \$88,000 for medical

research and bird studies. She is contesting the will. Ralph M. Brown, retired librarian at Virginia Polytechnic Institute, died last November at the age of 80. He left his daughter \$1,580. He left half of the balance of the \$88,000 estate to the University of Maryland for medical research and half to Cornell University for research in bird migration. First Clemency Rocky Commutes Death Term of Convicted Slayer

ALBANY, N. Y. (AP)—Joseph Hughes, a convicted murderer sentenced to death, is leaving the Sing Sing Prison death house alive.

Gov. Rockefeller Thursday commuted his sentence to life imprisonment. It was the first time Rockefeller had granted clemency since he took office in January.

Hughes, a 22-year-old Negro, was convicted of first-degree murder in the shooting of Vincent Spinaci, 64, during a holdup of Spinaci's delicatessen shop in Buffalo in 1957.

Jury Asks Mercy The State Supreme Court jury that convicted Hughes recommended mercy, but trial Judge Carlton A. Fisher imposed the death sentence and said he did so to deter others.

Rockefeller said in a statement that the purpose for which he imposed the death sentence would be furthered at this time by the execution of Hughes.

Rockefeller acted 90 minutes after he held a clemency hearing for Hughes, who was scheduled to die in the Sing Sing electric chair next Tuesday night.

At the hearing, John I. O'Day of Buffalo, Hughes' lawyer, told the governor that New York State never had executed a murderer whose life had been spared by a jury.

Mercy Not Opposed Dist. Atty. Carman F. Ball of Erie County said he thought the judge had been justified in not following the jury's recommendation for mercy. However, Ball said he was not opposing clemency for Hughes and felt Rockefeller should decide that issue for himself.

Hughes' widowed mother, Mrs. Theola Hughes, his sister, Mrs. Helen Smith of Brownsville, Pa., and other members of his family sat quietly through the half-hour hearing.

Advice for Railroaders A representative of the Railroad Retirement Board will be at the United States Post Office, main building, 496 Broadway, Room 3, here on Wednesday, July 8, from 10 a. m. to 4 p. m., for the purpose of assisting the railroad worker, his wife, widow, or survivors in retirement and survivor problems and answering any inquiries which they may have in connection with the Railroad Retirement and Unemployment Insurance Acts.

There are no sure things in contract. If there were South would have passed with his 26 points and kept out of trouble. As it was he opened with two diamonds and eventually doubled his opponents at four spades. North ran out to five diamonds. He was right in assuming that West would make his four spades but after what happened at five diamonds he wished he had stood for the double.

West opened the ten of hearts. East took his ace and returned a spade. West won and played the deuce of hearts. East ruffed and after a little thought decided that his partner was asking for a club lead. He led the queen of clubs and West ruffed South's king.

Another heart was ruffed by East and he led the jack of clubs. South's ace went down the drain and he still had to lose a spade and a club.

He wound up taking only his

Satchmo Sits Up But Doctors Still Watch for Trouble

SPOLETO, Italy (AP)—Trumpet man Louis Armstrong sat up in bed today, chuckled over telegrams of good cheer and joked with his nurse.

Doctors even let him walk to the bathroom unaided.

Strong Rally The king of jazz appeared to have rallied strongly from a grave attack of pneumonia, complicated by a strained heart and stretched lungs resulting from 45 years of blowing on his magic horn.

Despite Armstrong's apparent improvement, doctors still were watching closely for any sign of complications.

Thursday Armstrong's temperature shot up to a dangerous 102. He survived two fever crises. A medical bulletin shortly after 7 a. m. said his temperature was down to normal. His blood pressure was described as low and his pulse 100.

Wife Leaves Bedside The medical bulletin said he "showed notable improvement."

That was reflected in other reports coming from Armstrong's room on the third floor of the little hospital here.

His wife left his bedside, Anna Venturi, his English-speaking nurse, said he joked with her cheerfully.

"If this continues without complications," a doctor said, "he will be all right in two or three days."

called at the hospital to say goodbye before leaving Spoleto. Armstrong told him: "Yesterday was the rough day. But now I think Pops is in the clear."

Attendants said he was treated with antibiotics and kept under sedation during most of Thursday. A careful watch was kept for heart complications.

Dr. Alexander Schiff of New York, the musician's personal physician, said before leaving the hospital just before midnight that his patient had responded to the treatment. He declined to say Armstrong was definitely out of danger but expressed belief that "everything will be all right if there are no unexpected complications."

Stricken After Arrival Armstrong, whose silver trumpet tone and gravel-voiced song have made him the king of jazz to millions, came to Spoleto Monday with his band to play at the "Festival of Two Worlds."

He was stricken early the next day. Schiff said he felt part of his patient's trouble was his 45 years of blowing the horn, which the physician said had weakened his heart and stretched his lungs.

## Arkansas Defies Faubus, to Open With Integration

LITTLE ROCK, Ark. (AP)—The Little Rock school board, in the face of Gov. Orval E. Faubus' warning of possible violence, Thursday night officially announced plans to operate Little Rock's high schools on an integrated basis this fall.

Faubus said at a press conference less than 36 hours before that he felt integrated schools could not be operated here without the backing of federal force.

The governor was not available for comment on Thursday night's action.

The five-man board announced the unanimous decision in a terse statement after a brief executive decision.

Unofficial plans to open the schools under a token program of integration were announced last Thursday after a three-judge federal court struck down a Faubus-sponsored school closing law and returned control of the schools to the board.

Faubus shut the four high schools last Sept. 12 after the U. S. Supreme Court rejected a bid for a delay in integration. Federal troops enforced integration of Central High School during the 1957-58 term and special federal marshals had been recruited to protect seven Negroes eligible to attend Central last fall.

There was no immediate indication of how many Negroes would be admitted to white schools when schools are opened. The board said it would operate under the Arkansas pupil placement law in assigning students.

## Won't Pay Husband Union Scale at Home

CHICAGO (AP)—Mildred Baughman, 44, complained in Superior Court that her husband, Max, 45, an \$18,000-a-year bank vice president, is willing to do odd jobs around the house only if she pays him union scale rates.

And said Mrs. Baughman Thursday in her petition for a divorce, she has to pay out of her personal funds for painting, fixing the screens, waxing floors and other household chores.

Mrs. Baughman charged cruelty. She asked that her husband be ordered out of their suburban Kenilworth home. She said she owns it.

## Wagner Softens Secession Talk

ALBANY, N. Y. (AP)—The secession flags are furled and New York City is telling Upstate counties: "We need one another."

Mayor Robert F. Wagner of New York City told an Albany audience Thursday night "the ties between New York City and the remainder of the state are more intimate than most citizens realize."

Asked 51st State  
A few months ago, some of the top figures in Wagner's Democratic administration were hotly demanding that New York City secede and set itself up as the nation's 51st state.

The city Democrats were in the midst of their almost-annual outburst against the Republican-controlled State Legislature.

New York City has long contended that it is not treated fairly by the Legislature. The 1959 debate was more heated than usual because the Legislature rejected a Wagner plan to legalize and tax off-track betting on horse races.

The city administration and Legislature also clashed when the lawmakers made some changes in Wagner's tax program, which required legislative approval before it could go into effect.

Stresses Harmony  
But Wagner stressed harmony and friendship in a talk Thursday night at the annual Institute of Community Leadership, which was sponsored by the State Citizens Council.

New York City, he said, is "deeply dependent on everything that happens in the rest of the state. As friendly neighbors, we ought to work together to dispel the myths that have occasionally pulled us apart. New York City and the remainder of the state are part of one body."

Wagner asserted, however, that "I have made no secret of my view that relationships between the city and the state Legislature are outmoded and archaic." He said he would continue to work for "a fairer fiscal relationship between city and state."

Peiping credited "millions of heroic people of Kwantung province," mobilized to raise the dikes 1½ to 3 feet, with saving the city of 1½ million from one of south China's worst floods.

However, some parts of the city were reported still under water and the situation in the Pearl River delta was described as tense.

## Buffalo Paper, Kiwanis Lauded as '4th Friends'

ITHACA, N. Y. (AP)—The Buffalo Evening News and the New York State District, Kiwanis International, have been cited by the state 4-H Club for their backing of 4-H programs over the years.

The newspaper and the Kiwanis Club received plaques last night as "Friends of 4-H." The ceremony concluded the State 4-H Club Congress at Cornell University.

The News was cited for "cooperating . . . during the past 30 years in the development of the 4-H Club forestry program."

During this period, the citation noted, the newspaper has awarded almost 1,000 medals to the most successful 4-H tree-planters in the club's forestry program and has paid the expenses of nearly 400 youths attending Adirondack forestry tours.

Kiwanis was recognized for its support of the 4-H education program.

The citation said Kiwanis members had taken an active interest for more than 30 years "by helping provide materials by which boys and girls could carry out their project work and by rewarding successful accomplishment."

## McElroy Calls In Chiefs to Discuss Command System

QUANTICO, Va. (AP)—Secretary of Defense Neil H. McElroy has called a special conference of U.S. military chiefs to get their views on the operation of the new streamlined command system. McElroy told newsmen today that he will meet Sunday morning, after the annual service secretaries conference, with about a score of military leaders from the Pentagon and the field. The meeting will follow the seventh annual service secretaries conference, which opened at this Marine Corps base Thursday night to continue through Saturday. About 160 civilian and military officials are attending. The chains of command were altered substantially early this year with operational control of the services over units in the special commands shifted from the service secretaries to the defense secretary and his Joint Chiefs of Staff. McElroy said the meeting would take up any problems which may have shown up in the first six months of operation.

## Fall From Porch Fatal

MANHASSET, N. Y. (AP)—A 46-year-old woman, wife of a New York City mortgage broker, suffered fatal injuries last night after falling from a second floor sleeping porch, police reported. The victim was Mrs. Catherine Sullivan of nearby Munsey Park. Her husband, Frank, president of Frank Sullivan & Co., was in another part of the house at the time. The Sullivans had eight children.

## Cracks Down on Critics

HAVANA (AP)—Prime Minister Fidel Castro has cracked down on the loudest critics of his land redistribution program, seizing 2,355,242 acres of cattle ranch land. Castro sent troops to 400 ranches in Camaguey province to occupy land belonging to 131 cattle-men. He said they had refused to pay small breeders profitable prices for their cattle. Castro acted under government powers to take over property used for counterrevolutionary activities.

## 16 Bodies Recovered

BERGEN, Norway (AP)—The body of one of the American victims of the Stalheim fire was identified today. It was that of Irene Brown of Wilmette, Ill. Mrs. Brown was the first body to be identified. Her husband, George F. Brown, is in a hospital at Voss with injuries suffered in the fire. Crews searching the ashes and debris of the resort hotel found another body today, bringing the number recovered to 16. Eight other persons are missing. The State Department announced 17 Americans not accounted for and presumed dead in the fire.

## State Bar Honors Upstate Reporter

SARANAC LAKE, N. Y. (AP)—John C. Williams of the Rochester Democrat and Chronicle receives the 1959 press award of the New York State Bar Assn. today. The 28-year-old reporter won the prize—\$250 and a plaque—for an article on the controversial subject of publicity for juveniles involved with the law.

Justice Francis Bergan of the Appellate Division said Thursday in announcing the award that Williams' article dealt fairly with a problem of prime importance. The bar association is holding its annual summer meeting here. Entries for the annual press award are judged on the basis of their contribution to a better understanding of the problems of administering justice.

## Long Distance Message

BERKELEY, Calif. (AP)—George A. Doumani, 10,000 miles away at the South Pole, got news of the birth of his first son almost quicker than if he'd been here at home. Excitedly, his wife, Julie, 30, exclaimed into the telephone "Victor is here!" Amateur Radio Operator W. Loyd Townsley had set up the radio-telephone call. The Doumanis have a daughter, Sandra, 15 months.

## Senate Approves Debt Limit Rise

WASHINGTON (AP)—Fast Senate action has authorized a seven-billion-dollar increase in the national debt—to a peacetime record of 295 billion dollars. With equal speed, the Treasury announced less than an hour later it would take advantage of the new debt ceiling by borrowing five billion dollars in new cash early next month.

Usual Senate procedure was pushed aside for the House-passed measure after Sen. Lyndon B. Johnson of Texas, Democratic leader, said the Treasury was holding up action on a big re-financing operation until the new ceiling was set.

Sen. Barry Goldwater (R-Ariz.) voiced the only opposition vote heard. He said the government ought to practice more economy.

If Congress had not acted, the present temporary 288-billion-dollar limit would have dropped to the permanent 283-billion limit next Tuesday, the start of the new fiscal year.

The debt varies from day to day and now ranges around 286 billion dollars.

## Marilyn Leaves Hospital

NEW YORK (AP)—Marilyn Monroe, smiling and appearing well, was discharged today from Lenox Hill Hospital where she underwent surgery Tuesday. "I feel fine, thank you," the blonde actress told newsmen in a pleasant, cheery voice. She was dressed in beige, with no hat. She was accompanied from the hospital by her husband, playwright Arthur Miller. They drove to their New York City apartment.

Miss Monroe entered the hospital Monday for the surgery, described as of a gynecological nature.

## Utica Jury Probes Tire Purchases by City Government

UTICA, N. Y. (AP)—A special grand jury is reportedly delving into tire purchases by the Utica city government.

Democratic Mayor John T. McKenna headed a parade of city officials and employees called to testify Thursday in a state investigation of vice and crime in Utica and alleged misconduct in its city government.

Also called were employees of Rock's Tire and Battery Co., that firm and the Laino-Fiske Tire Co. supply tires to the city.

Last year, Utica newspapers said the city was paying up to 40 per cent more than it should for tires.

State auditors said last year that Deputy Police Chief James Laino was a partner in the Laino-Fiske Tire Co. and city purchases from that firm violated conflict-of-interest laws. The laws bar government agencies from dealings with companies in which of-

ficials of the agencies have interests.

Utica officials called today included the purchasing agent and his chief assistant.

State Prosecutor Robert E. Fischer, who is directing the investigation, has declined to say why the various city officials are being called.

## Boundary Change Law of Buffalo Is Ruled Valid

ALBANY, N. Y. (AP)—The state's highest court says that Buffalo's controversial redistricting laws are valid.

The Court of Appeals Thursday reversed the Appellate Division, Fourth Department, which had declared the laws unconstitutional.

Buffalo's Democratic city administration enacted the redistricting laws last year. They set new ward and council boundaries. The changes are expected to affect the political balance of the Erie County Board of Supervisors, which has been heavily Republican.

Buffalo Republicans challenged the redistricting plan in the courts. The GOP forces held that the Democrats were trying to gerrymander the city.

The Appellate court said the changes could not be made without voters approval in a referendum and the laws as passed were unconstitutional.

The Court of Appeals declared, however, that the laws were valid and no referendum was required. That court said it would hand down an amplified opinion July 8.

The court upheld the laws in a 6-1 vote. Justice John Van Voorhis dissented.

The redistricting laws now are scheduled to apply for the first time to the local elections this November.

## Meeting in 1898 To Wind Up at Altar Saturday

ROCHESTER, N. Y. (AP)—When their eyes met nearly 61 years ago, they knew it was love at first sight.

Saturday, Morse DellPlain and

Mrs. Raymond Betty (the former Edith May Giles) will marry. The two met at Genesee Wesleyan Seminary in Lima on Sept. 14, 1898. DellPlain said the first meeting was at the registration desk.

They kept company for a time and then he left to attend Syracuse University of which he is now a trustee.

DellPlain, 78, is a widower and president of the Welsbach Corp. of Philadelphia. His wife died in

1958. They had no children. Mrs. Betty, 75, is a widow and a great-grandmother. She had five children.

Last winter, DellPlain chartered a private railroad coach for a trip to Mexico and invited Edith along.

She accepted the invitation and his proposal of marriage.

The couple will honeymoon at Cape Cod and reside at his home in Bryn Mawr, a Philadelphia suburb.

### Marbletown Post Officers Installed

County Commander Edgar Maurer of Kingston installed the newly elected officers of the Town of Marbletown Post, 1512, of the American Legion at the Legion Home in High Falls, before a joint session of the Legion and Auxiliary on June 17. Myer Kaplan, accompanied commander Maurer and acted as his Sergeant-at-Arms. Officers elected and installed were: Jack Lester, Commander; Harold Newell, first vice commander; Walter Lowe, second vice commander; Joseph Hoeffer, third vice commander; William Burr, adjutant; Wilfred LaVoie, treasurer and Joseph Hoffman, chaplain.

Commander Maurer paid high tribute to retiring Commander Joseph Hoffman, describing him as the "greatest little commander in the County." A social hour followed the installation and refreshments were served by the Ladies Auxiliary.

The Legion is sponsoring a summer dance June 27, at the Chalet in Rosendale. The public is invited to attend. Plans are under way to improve the Legion Home and funds are needed for this project.

Both the Legion and the Women's Auxiliary plan to participate in the July 4 celebration in Stone Ridge.

## BABSON on BUSINESS

By Roger W. Babson

Babson Park, Mass., June 26—I try each year to visit all sections of the country. Last week I went to New Mexico and Arizona to study the possibilities of investing in large acreage, but something was called to my attention of which I will write this week.

There are always certain amounts of Strontium-90 in the atmosphere, but usually not to any dangerous extent. Every nuclear test, however, produces more Strontium-90. Hence, there is a strong movement to suspend further nuclear tests. Even Russia pretends interest in doing so. The reason for this is that the contamination of the atmosphere by these tests is cumulative; that is, it does not pass away for a long period of years. Thus, Strontium-90 keeps on building up to a dangerous amount.

Just now there are differences of opinion between the Atomic Energy Commission and the U. S. Public Health Service as to the danger of this fallout. All parties agree that it can become very dangerous, but they disagree as to the amounts. The medical profession believes that sufficient amounts may cause cancer of the bones, leukemia, and certain other incurable diseases, as well as sex changes. It may be absorbed by children and not mature to a dangerous disease until some years after.

## Advantages and Disadvantages

In my years of travel I have been unable to decide which of our 49 states has the most advantages. If I were able to choose which of our states I would prefer to have been born and brought up in, I would be unable to make a selection. The South has a warmer climate, which I certainly enjoy in winter; New England is the place I like in summer, although we have hot days here; while the Central States, the West, and even the Pacific Coast have their distinct advantages.

Even the differences in rainfall among the various states create advantages and disadvantages. The normal rainfall for most of the states is 40 inches or more a year, while for New Mexico and Arizona the normal annual rainfall is only

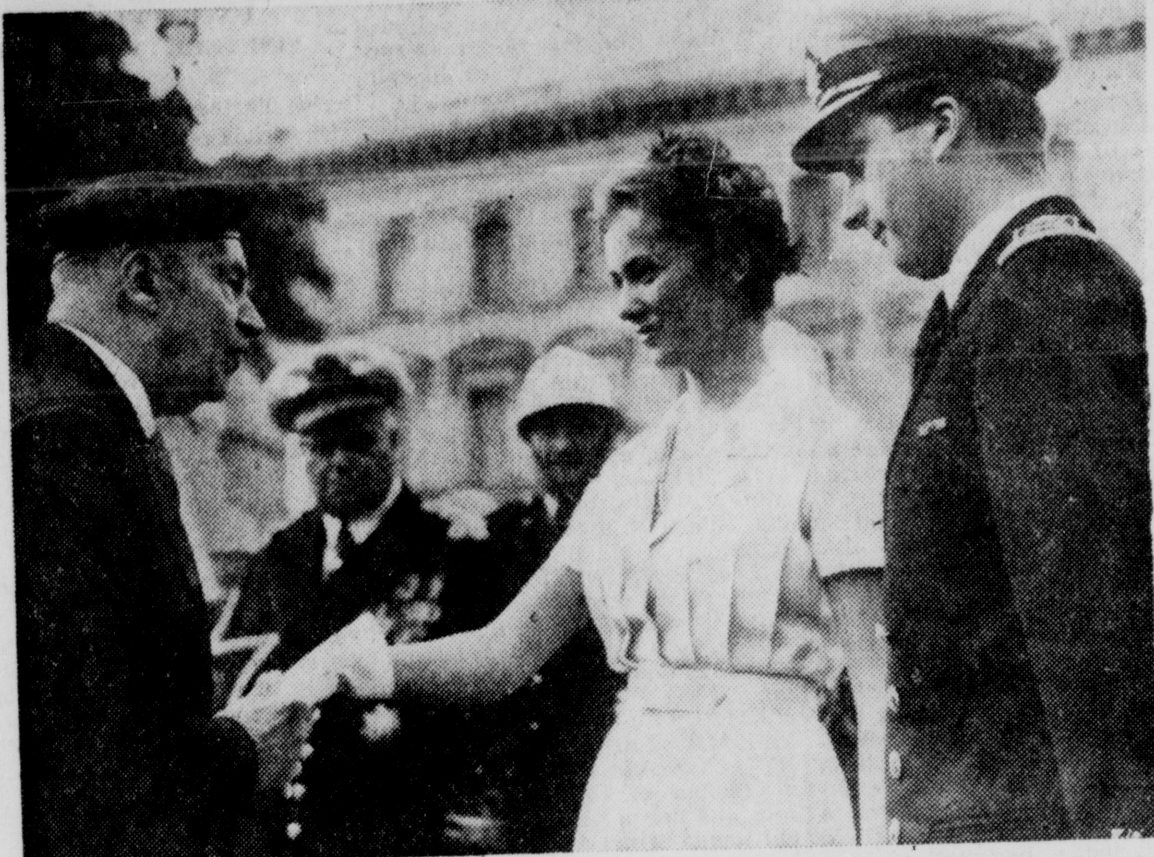

about 6 inches. This is a great handicap for agriculture, which can now be carried on only by expensive irrigation. I, however, was told something in this connection which I desire to pass on to readers this week. That is that the states subject to the lowest annual rainfall are those which would be freest from fallout danger.

The same mountains which surround New Mexico and Arizona and prevent the rain from falling in those states will also, I am told, prevent the fallout from settling in any serious amount. Thousands now are afflicted with arthritis, bursitis, and similar rheumatic difficulties are flocking to these states for the dryness of the atmosphere. If the above theory about fallout is true, the population of New Mexico and Arizona and other states with very little rainfall should rapidly multiply.

## No Defense Against Fallout

For cities in the East, South, and Central West, there is no known defense against fallout. The Civil Defense Authority is experimenting with evacuation of cities and the use of basements and other protections from the immediate crash of the bomb when it falls. An atom bomb would immediately slaughter people within 5 miles of the point of the explosion. The fallout, however, might not occur for some days after the bomb exploded. Furthermore, the direction of the wind is an important factor in the damage caused by fallout. Of course, if a bomb should be "dropped" in New Mexico or Arizona, the fallout would be as dangerous there as anywhere else, but probably this would not occur.

Let me close with one interesting fact: That the oldest continuing occupied city in the United States, namely Oraibi—which dates from more than 1000 years ago—is in Arizona; the cliff dwellers of Walnut Canyon lived near here 1200 years ago while the more progressive Navajo Indians were centered in and about Northern Arizona. It seems strange, although entirely possible, that the great cycle of population for the United States may come back to Arizona where it started over 1000 years ago. In case of World War III, there could be a "gold rush" to Arizona equaling that of 1849 to California.

**VETERAN GREETING**—Italian Princess Paola Ruffo di Calabria accepts the good wishes of a Belgian war veteran as her fiancé, Prince Albert of Liege, looks on in Brussels. The couple, who are to wed July 2, visited tomb of Belgium's Unknown Soldier.

## MODENA NEWS

MODENA — The annual field day was held recently at Modena School, under the supervision of Coach Leonard Gunsch of Wallkill, and the teachers Mrs. Katherine Van Vliet and Mrs. Beulah Link of New Paltz. James E. Palen Sr., of Modena, a parent and spectator, helped at the finish line.

The event was planned by the pupils. Committees were appointed by the room presidents, to mark off field distances, to make the award ribbons for the winners placing in each event, and to arrange refreshments. Events at each grade level included dashes, softball throw, running broad jump and ended with the wheelbarrow race.

The parents group of Modena school held its annual family picnic on the school grounds recently.

A large group of parents and youngsters attended.

The main event of the evening was the "Father-Son" softball game, with the sons winning.

Members of the Parents' group presented teachers, Mrs. Katherine Van Vliet and Mrs. Beulah Link, with a present and decorated cake.

Members of the George Daley and Fred Bernard families attended a picnic at Taconic State Park, on Sunday.

Mr. and Mrs. John J. Davis of Lloyd, were among visitors of Miss Glennie M. Wager, Monday afternoon and evening.

The Rev. Jesse Stanfield, pastor of Clintondale Friends Church, will conduct union services Sunday. Members of the congregations of Modena and Clintondale Methodist Churches will attend. The Rev. George T. Johnson, is on vacation.

Joseph Sherwood of the South Road, near Clintondale, has returned from Benedictine Hospital, Kingston, where he underwent surgery and treatments.

Mr. and Mrs. Albert Beard, former local resident, have purchased the Leona LeFevre property on Manheim Boulevard, New Paltz, where they will reside.

Mrs. Myra Ball of the Pancake Hollow Road, conducted her pupils of West Park School, on a field trip to Lake George, Friday of last week, where they visited many historical sites.

Chief imports of Russia are metals and machinery.

## Awarded \$191,826 To Study Human, Animal Tumors

ALBANY—Two physicians at Roswell Park Memorial Institute, Buffalo, the State Health Department's cancer research facility, have been awarded \$191,826 by the United States Public Health Service to investigate virus-like agents from human and animal tumors.

Dr. James T. Grace Jr., assistant director of the institute, and Dr. Edwin A. Miranda, cancer research scientist, will conduct the investigation.

Under the terms of the award, the five-year program is designed, by use of tissue culture and other techniques, to detect virus-like particles capable of causing cancer in laboratory animals. Emphasis is to be placed on the attempt to detect, isolate, and identify virus-like agents in human cancers.

## Miss Florence V. Triolo and Robert Linz Are Married at New Paltz Church June 21

The marriage of Miss Florence V. Triolo, daughter of Mr. and Mrs. Joseph Triolo, South Ohioville Road, New Paltz, to Robert M. Linz, son of Mr. and Mrs. Ludwig Linz, Gardiner, in St. Joseph's Church, New Paltz, June 21, was performed by the Rev. Joseph F. Blake.

The soloist was Miss Margaret Kotovich, Roosevelt, L. I., with traditional wedding music played by Mrs. Mary Linz, Newburgh. The church was decorated with white and gladioli. White ribbons and gladioli were used to mark the pews.

Given in marriage by her father the bride wore a gown of light ivory antique silk and lace Empire style. The bodice was fashioned with an overlay of pearl and sequin and a Sabrina neckline. The full length skirt of embroidered plaits formed a chapel train. She wore her mother's veil of ivory rosepoint heirloom lace which extended to the ends of the train and carried a bouquet of white roses and stephanotis.

She was attended by her sister, Mrs. Frances Snider as matron of honor, who wore an Empire gown of rose pink chiffon with draped bodice, satin cummerbund. Her headpiece was a veiled crown of matching pink. She carried a bouquet of long stemmed pink roses.

The bridesmaids were the

Misses Frances Bravata, Highland; Frances Tantillo, Petrina Tantillo and Frances Tantillo, Gardiner, cousins of the bride. Their gowns similar in style to the honor attendants were in green, lavender, blue and yellow. William Linz was best man for his brother. Ushers were Joseph Bravata, Highland; Leonard Tantillo, Gardiner, cousins of the bride, Vincent Triolo, brother of the bride, Robert Miller and G. Miller, Gardiner, friends of the bridegroom, Frank Puglielli and Herb Snider, brother-in-law of the bride.

The bride's mother wore a powder blue gown with lace bodice and sheath chiffon skirt, matching accessories and corsage of cymbidium orchids. The bridegroom's mother wore a rose lace gown with accessories to match and a corsage of roses. Mrs. Frances Tantillo, grandmother of the bride, wore powder blue with a corsage of white roses.

The reception for approximately 150 guests was held at Pine Tree Inn, Middlehope.

Mrs. Linz was graduated from State University Teachers College, New Paltz, class of 1958 and has taught grade in Wallkill. Mr. Linz graduated from RPI, Troy, class of 1959. He is a member of Tau Kappa Epsilon, and has a degree in electrical engineering, and has accepted a position with the General Electric Company. They will make their home in Utica.

## UNCHAPERONED

NINETEEN YEAR OLDS

Dear Mrs. Post: My daughter, aged nineteen, and three of her girl friends of the same age would like to rent a cabin at a lake for two weeks. I do not think it proper for young girls to go off unchaperoned this way, but evidently I am the only mother who seems to be objecting to this plan and have been told that I am terribly old-fashioned. I would like very much to know what you think about this.

Answer: Nineteen does seem rather young, but I think that if they are serious young girls and their behavior is above criticism, their unchaperoned stay at the lake will not be improper.

## The Bridegroom's Wedding Expenses

Dear Mrs. Post: My son is to be married soon. The bride and her family are planning a very large wedding and reception and my son was informed that he is expected to share the expense of it. This has come as quite a blow to him as he hadn't counted on this added expense. I always thought the size of the wedding was according to what the bride's parents could afford and that the groom had nothing whatever to do with it. Will you please tell me if he is obliged to pay for this?

Answer: You are entirely right. Neither the bridegroom nor his family have any share in the expense of the wedding excepting his fee to the clergyman. In some communities he buys the bridal bouquet. Also, he buys the boutonnieres, ties and gloves for his ushers.

Showing Interest Without Embarrassing Questions

Dear Mrs. Post: When a person mentions that someone in his family is ill, is it proper to inquire as to the nature of the sickness?

Answer: You rather naturally say, "I hope it is nothing serious."

## Personal Notes

Mr. and Mrs. Kenneth Riggins and daughters, Karen and Cheryl Ann, will attend the wedding of their niece Miss Joan Woods Saturday. The bride-elect is the daughter of Mr. and Mrs. H. Edward Woods of Berlin, Conn., formerly of this city.

## Hurley Cantata Goes Into Final Rehearsal

The Hurley Festival Chorus is being polished in final rehearsals for the performance of the Hurley Cantata Saturday evening, July 11, beside the historic old Hurley church, reports Mrs. Carolyn M. Waligurski, director of the chorus.

The Hurley Cantata is Hurley's unique contribution to New York State's Year of History. The musical story of Hurley is told in folk song and drama, and where no Catskill Mountain tune or old Dutch folk song could be found to high-

light significant moments of Hurley history, Mrs. Waligurski has composed new ballads and folk songs. Ten of these compositions are included in the cantata.

The performance will include choral arrangements, solos, group numbers dramatizations and narration. In a touching lament, "Heart So Troubled," one of the early settlers prays for his loved ones lost to Indian captors.

Hurley had its famous people, too, and Mrs. Waligurski has written a ballad of Sojourner Truth, the crusader against slavery, who was born a slave in Hurley. The song captures the spirit of this powerful yet humble woman, who became nationally known as she "tread the weary mile" all over the country preaching against slavery.

During the Revolutionary War, Hurley was capital of the state and the March of the Legislators sung in dignified bass tones relates this story.

A spy must pay the penalty as did the redcoat, Daniel Taylor, a young lieutenant, captured by his own error. He is confined to the guard house and hanged "in the sweet apple tree on Hurley Street."

Threaded through the cantata is the Ribbon of Beauty, a song of the Hudson, whose greatness it commemorates.

## Jean Marie Vandemark, James John Dunn Are Married at St. Mary's Church June 20

MR. AND MRS. JAMES J. DUNN

The marriage of Miss Jean Marie Vandemark, daughter of Mr. and Mrs. Bertram Vandemark of High Falls and James John Dunn, son of Mrs. Veronica Dunn of 47 Newkirk Avenue, took place Saturday, June 20, 2 p. m. at St. Mary's Church.

The Rev. Edward I. Farrelly officiated at the double ring ceremony.

Escorted by her father, the bride wore a gown of Chantilly lace and silk organza over bridal taffeta. The bodice was of lace styled with a Sabrina neckline and trimmed with pearls and sequins. Her chapel length skirt featured a butterfly bustle back. She chose a French illusion veil attached to a crown of seed pearls and carried a hand bouquet of white roses.

Miss Gloria Vandemark of High Falls was maid of honor for her sister in a gown of pale pink nylon over taffeta. She carried a bouquet of French yellow carnations.

Robert Dunn of Kingston was best man for his brother, Joseph Dunn, brother of the bridegroom, and Al White, brother-in-law, were ushers.

A reception for the immediate family was held at the Yacht Club following the ceremony.

For a wedding trip to Atlantic City, Mrs. Dunn chose a blue and white nylon dress with a corsage of white roses. Upon their return they will be at home at 31 Cedar Street.

A graduate of Kingston High School, the bride is employed by Skyline Manufacturing Company, Inc. Mr. Dunn attended Kingston High School and is employed by Tailored Man, Inc.

## Personals

Mrs. Keuning's husband will join her in the fall as he comes under a different immigration quota.

## WestPark, Hyde Park Churches' Celebration Plans Are Completed

Final arrangements have been made for the Ascension Church, West Park, and St. James' Church, Hyde Park, joint Hudson-Champlain Celebration to be observed Sunday.

Guest of honor at the luncheon to be held in St. James' Parish House at 12:30 p. m. will be W. H. Dannat Pell, a descendant of James D. Pell, one of the first vestrymen of the Church of the Ascension, founded in 1842. Mr. Pell is senior partner of the firm of Pell, Butler, Hatch, Curtis and Le Vaniss, attorneys, New York City, and is in summer residence at Carmel.

Following a 9 o'clock service at Ascension Church, a group of parishioners will cross the Hudson by boat to attend the morning service at St. James', Hyde Park. A number of the parishioners will be dressed in costumes of the period observed. The Coach House Players of Kingston have assisted in assembling authentic costumes of the pre-Civil War days.

The address at the luncheon will be given by Dr. James Grote Vanderpool, acting dean of the School of Architecture, Columbia University who will speak on "An Historic Church and its Preservation." Dr. Vanderpool has recently restored an old stone house near West Park which he and Mrs. Vanderpool maintain as a weekend and summer residence.

## Local Woman Receives Funeral Director's License From State

MRS. JULIA SIMPSON

A Kingston woman, Mrs. Julia Simpson of 411 Albany Avenue, has been notified that she successfully passed the examination recently held by the New York State Department of Health for funeral director.

The license enables Mrs. Simpson to perform all the phases of funeral directing and embalming, and she is the first woman in the City of Kingston to get her funeral director's license under the new law requiring an examination in both undertaking and embalming. Mrs. Simpson will be associated with her husband, Frank, who conducts the Frank H. Simpson Funeral Home at the Albany Avenue address.

The new funeral director is a graduate of Kingston High School and Benedictine Hospital School of Nursing. Prior to serving her apprenticeship she was engaged in private duty nursing. During World War 2, while her husband served with the United States Navy in the Pacific Theatre, Mrs. Simpson was associated with the American Red Cross Blood Bank Service in New York City, including field work in the New York, New Jersey and Connecticut area for two years. She also did private duty nursing in several metropolitan hospitals and volunteer work at Post Graduate Hospital.

Mrs. Simpson, the former Julia Guido, and her husband are the parents of two children, Frank Jr., 11, and Patricia Ann, 8. Her parents, Mr. and Mrs. Alexander Guido, reside at 22 Van Gaasbeck Street.

## Girl From Whitefish, Montana, Marries Panama Millionaire, Stars in Big Movie

By DOROTHY ROE  
AP Women's Editor  
For a girl from Whitefish, Flathead County, Montana, Connie Towers has gone far.

In the last year she has: 1. Snatched the starring feminine role in one of the season's biggest movies, "The Horse Soldiers," from under the noses of hundreds of experienced hopefuls. 2. Spent three months on location in Louisiana, the only girl among 500 men.

3. Played opposite her idols, John Wayne and Bill Holden, under the direction of another idol, John Ford.

4. Married a Panama millionaire, Eugene Charles McGrath, whom she met on the set in Louisiana when he dropped in to see his friend, John Wayne.

Tall, blonde, blue-eyed and devastating, Connie says: "I guess I'm just about the luckiest girl in the world. On top of everything else, Gene is enthusiastic about my career and wants me to go right on making pictures. He can travel with me when we shoot on location, and that makes everything just perfect."

Becoming a movie star isn't all champagne and roses, however, says Connie. When Ford picked her for the part of Hannah Hunter, rebel captured by Yankee soldiers, she had to learn to ride side-saddle and spend much of her time falling into mud holes during the shooting.

"I was covered with mud, aching in every muscle, had no make-up on and my hair was a mess when John Wayne introduced me to Gene," she says. "I guess I never looked worse. But he didn't seem to mind."

Born in Montana, Connie learned to ride and rope at an early age. She studied voice at the Juilliard School in New York when her father's business brought the family east. Her current starring role is her first movie part, although she has appeared in night clubs and summer stock for several years.

## Former Kingston Man Weds Sheila Genito Of Carthage on Sunday, June 21, at 1:30

The marriage of Miss Sheila M. Genito of Carthage, daughter of Mr. and Mrs. James Genito, to Jack A. Greene of Syracuse, formerly of Kingston, took place Sunday, June 21, at 1:30 p. m. in the United Christian Church of Carthage with the Rev. Frederick A. Wood officiating at the double ring ceremony. Mr. Greene is the son of Mr. and Mrs. Chester A. Greene of Schenectady.

Selections I Believe and Because were sung by Miss Virginia LeRock accompanied by Miss Priscilla Phillips, classmates of the bride.

The bride was escorted and given in marriage by her father, while traditional wedding music was played by Miss Phillips.

The bride's gown was a fitted princess style ball gown of white Chantilly lace over taffeta, featuring a lace jacket with a Peter Pan collar, and long sleeves ending in points over the hands. The illusion fingertip veil was attached to a Juliet crown fashioned of seed pearls on lace. The bride carried a cascade bouquet of white sweetheart roses centered with a pink rosebud corsage and the bridegroom's gift of a double strand of pearls completed her costume.

Miss Sharon Genito, twin sister of the bride, was maid of honor and wore a princess style

dress of frosted pink tulle featuring pink embroidered satin inserts in the bouffant skirt. She carried a cascade bouquet of pink sweetheart roses. White crocheted gloves and a pink head band completed her outfit.

Kenneth Williams of Syracuse was best man. The ushers were Stephen Genito, brother of the bride; Merle Greene, Kingston, brother of the groom; and Gary LaForrest, friend of the bride, of Syracuse.

Mrs. James Genito, mother of the bride, selected a pink rose corsage with pink accessories to complement the dress of navy blue with white coin dots.

Mrs. Chester Greene, mother of the bridegroom, was attired in a royal blue printed tulle dress with illusion coat over pleated taffeta of the same print. White accessories and a pink corsage of roses completed her costume.

Following the wedding, a reception was held in the social rooms of the church. Out of town guests were from Kingston, Schenectady, and Syracuse.

Mrs. Greene attended school in Batavia for five years, and is a 1939 graduate of the Carthage Central School. The bridegroom graduated from the New York State School for the Blind in 1953 and is employed by W. H. Stewart, Inc., Syracuse. The couple will be at home at 120 Cortland Avenue, Syracuse, after June 28.

Use, Less Production Sends Egg Prices Up

WASHINGTON (AP)—The U. S. Agriculture Department reports that falling production and rising consumption are sending egg prices up.

The department said Thursday it was surprised at the way the market rebounded. Prices had been at their lowest level in 20 years.

Egg prices in New York State typify the upswing, the department said.

It reported that large, high-quality eggs had risen from a top of 29 cents to a maximum 43 cents a dozen in New York markets in the past month.

The price improvement has not been as great for smaller eggs, the department said.

## ANG Votes News Tip Protection By Slim Margin

NEW YORK (AP)—The American Newspaper Guild has voted by a slim margin to support the principle that newsmen have the right to protect their confidential sources of information.

At the guild's 26th annual convention yesterday, the roll call vote of approval on the resolution was 213 1/2 to 204 1/2.

A majority of the convention's resolutions committee earlier had approved a resolution establishing "the right of newsmen to protect the confidential sources of information in all matters affecting the public interest."

On the convention floor, however, after a 2 1/2-hour debate in which 33 speakers took part, the phrase "affecting the public interest" was deleted.

Some speakers argued that to include the phrase, establishing a claim for unlimited privilege, would be to invite counterattacks from politicians wanting to limit the privilege.

Other speakers contended the rights of a free press "must not be exercised as to trample on the rights of the public."

As finally adopted, the resolution read:

"A basic principle held by newspaper reporters and editors is that confidences shall be kept and confidential sources of information shall be protected."

# Former Minor League Star to Hurl Against Kingston Braves

## Larry DeVita Was Top Prospect In Giant System

Larry DeVita, a hard throwing lefty with minor league experience, is expected to toe the slab for the Poughkeepsie Ho-Bows Saturday night as they invade Dietz Stadium for a crucial New York-New Jersey Baseball League meeting with the Kingston Braves. Game time is 8:30.

The Poughkeepsie southpaw warmed up for his task against Kingston with a neat six inning chore Wednesday night against the Roy Campanella All-Stars. The Ho-Bows won a 5-4 decision with three of the runs being scored off DeVita, two of them unearned. Billy "The Kid" Ostrom hurled the final three frames.

DeVita was an outstanding prospect while in the Giant organization and started his final season a couple of years ago on the roster of Phoenix of the Triple A American Association. However, he quit the game to make a better living in New York and he only hurls with the Poughkeepsie club now. Larry's best pitch is a hard fast ball. He also throws a nifty change-up and features good control.

Bob Maines, the ace lefty for Fred Davis' Braves, will hurl against DeVita. He throws as fast as Larry and was impressive against the Jersey City Cardinals.

The winner of this contest will take a giant step towards the 1959 New York-New Jersey league championship.

## Top Command Is Favored At Monticello

MONTICELLO — Top Command, a 6-year-old gelding, rules a 3-1 morning line favorite to win the featured Class A Pace at Monticello Raceway tonight. Moving out of the number two post, Top Command will be guided by Hugh McIntosh, a late arrival at Monticello.

McIntosh drove Top Command to a one-length victory at Saratoga two weeks ago, in 2:05.4. The last time out, in the mud at Saratoga, the pacer was second to Philbert Hanover.

The featured seventh race, named for the Triangle Diner at Liberty, N. Y., will find Coast Dale second in choice at 7-2. Pat Lovine will take the four year-old out of the four post. Coast Dale was fourth in his first outing at Monticello but was only two and a half lengths off the pace.

Chief competition will come from Minnewashta, driven by William Popfinger, top winning driver here through Wednesday night with four wins. Minnewashta won last out here Friday going in 2:06. The black mare is listed in the overnight odds as 4-1. Stevie Frost and Sugar Sample are both 6-1.

## Rain Is Again Threat for Title Bout as Floyd, Johansson Wait

By MURRAY ROSE

Associated Press Sports Writer

NEW YORK (AP) — Another threat of rain and a ticket-rubbish today hung over the once-postponed Floyd Patterson-Johansson heavyweight title fight—probably the most harassed heavyweight promotion ever.

The fighters and promoter Bill Rosenzohn peered anxiously at the glooming sky, wondering whether the 15-round show would be able to go on tonight at 9:30 p.m. (EST) at Yankee Stadium.

The forecast was far from promising. The weatherman predicted another warm, humid day with scattered thundershowers this afternoon and night.

Same Forecast

It was virtually the same forecast that was made Thursday and came true. Rain muddled the field at the stadium, forcing Rosenzohn to announce the postponement at 1:05 p.m.

Ironically, the rain stopped in the evening. At the scheduled fight time, it was cool but a heavy mist shrouded the tops of the skyscrapers. The \$100 "deluxe carpet" customers, however, would have been ankle deep in mud.

Another bad break: like that may delay the long-awaited scrap until Monday. Rosenzohn and Irving Kahn, president of TelePrompTer which is running the closed circuit telecast to theaters, said that if the weather was bad today and the forecast was not optimistic for

Saturday, they might put it over until Monday.

The ticket hassle may come to a showdown today. Rosenzohn refused to make refunds Thursday after the postponement was announced despite an order to do so by Gen. Melvin Krulwich, chairman of the State Athletic Commission.

Krulwich said the commission rules required the promoter to make refunds on demand. Rosenzohn said his lawyer's interpretation of the rules indicated no refund was mandatory.

"I don't want to hurt any people but I've got to protect the promotion," said the weary, Rosenzohn.

The commission rule is vague, but it has been observed by other promoters in the past. Krulwich said he would take it up with a lawyer.

If another postponement is required, however, Rosenzohn said the return policy would be reviewed. He said that he is making refunds for hardship cases.

That would have to include Swedes and other out-of-towners who have booked transportation today.

Take Delay Calmly

As for the fighters, they took the delay calmly enough. After all this was just one of many incidents that have plagued the promotion. There have been lawsuits, a threat by Patterson's managers to take the fight out of New York and probably anything else you can name.

After the weigh-in ceremony — Johansson weighed 196 to Patterson's 182 — the fighters, their managers, the promoter and virtually

everyone else connected with the promotion were served with legal papers on behalf of California contender Eddie Machen and the Chicago Stadium, Corp.

Machen obtained a writ of attachment in federal court to tie up Johansson's purse. Machen and the Chicago Stadium are seeking \$1,229,375 damages because Johansson allegedly violated a contract to give Machen a return bout.

"I will be stronger," said Johansson, who did some shadow boxing Thursday, his first lick of work since last Saturday.

"Certainly I don't like the delay," he said, "but I'm sure the delay will not bother me. I feel fine now and I will not lose my edge."

Ingo Has Steak

The 26-year-old unbeaten European champion had a steak dinner at his midtown hotel, then took a stroll through the streets. He topped off the evening by taking in a movie with his pretty fiancée, Birgit Lundgren.

Patterson loosened up somewhere in town. Manager Gus D'Amato wouldn't say where.

Then the 24-year-old champ went into seclusion.

There were reports that the odds favoring Patterson had jumped from 4-1 to 5-1. Several of the bigger bookies, however, held the price at 4-1 but reported very light betting.

The heavyweight fight will get some competition from the regular Madison Square Garden featuring middleweights Ralph (Tiger) Jones of Yonkers, N.Y., and Victor Zalazar of Argentina.

Pott Leading Golf Tourney

CHICAGO (AP) — Johnny Pott, a recent bridegroom seeking his first pro tourney victory, today marched into the second round of the \$57,000 Chicago Open with a one-stroke lead after a record-smashing 63.

Pott, 23, former Louisiana State star who turned pro in 1957, said he was still "on my honeymoon" and higher in the clouds than ever after his 7-under-par attack on Glenelg's 6,350-yard acreage.

Pott, who was married 20 days ago to a Biloxi, Miss., teacher, held a one-stroke lead over the 1958 Chicago Open Champion Ken Venturi.

## Bill Short Wins Ninth Game for Richmond

By THE ASSOCIATED PRESS

The International League pitching situation is summing up in a nutshell as "the short and the short of it."

That would be Bill Short of Richmond, who upped his record to 9-1 Thursday night with a 2-1 victory over Montreal, and Chris Short (7-1) of Buffalo who defeated Miami 5-4.

Havana defeated Rochester 12-6 and Toronto won its third in a row from Columbus 5-4 in other IL action.

Richmond's Short, rumored to be on his way up to the parent New York Yankees within a week, tops the IL's pitchers with an earned run average that is just a shade over two per game. He allowed only five hits Thursday and one earned run in 5 1-3 innings as the Vees tied for second place with Rochester.

A fielding error by third baseman Clyde Parrish opened the

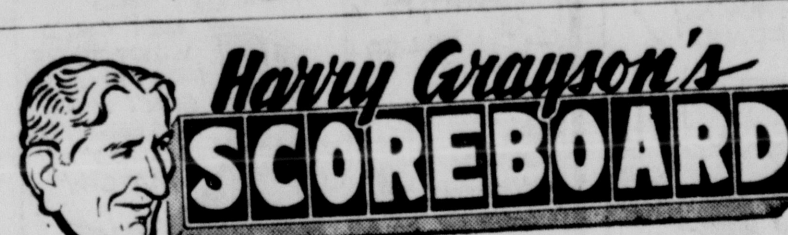

doors for Richmond. Two runs in the fourth inning that clinched it against Babe Birrer (3-9) who went the distance.

Chris Short went the distance for Buffalo as the league leaders moved to a two-game lead. He struck out eight and gave only six hits, one Leo Burke's home run. Don Landrum's ninth inning homer, on reliever George Zverink's first pitch, got the victory.

Len Cardenas, with two home runs, and Tony Gonzales with one, drove in eight runs for the Cubans as Emilio Cueche (5-3) and two relievers held down the Wings, who have won three of their last four.

Toronto, ahead 5-1 after four innings, had to sweat out a two-run Columbus seventh inning as reliever Al Pehaniuk came on to strike out the last two batters and cut off a Jets' rally that narrowed the score to 5-4.

## Herdegen Finals This Weekend

By HARRY GRAYSON  
NEA Sports Editor

NEW YORK — (NEA) — Quick analysis of the Reds of whom so much was expected in the spring: Don Newcombe is back, fireball and all, but the deal for Frank Thomas killed them.

Yogi Berra of the Yankees hit two home runs off Newcombe in the final game of the 1956 World Series at Ebbets Field and something snapped.

Here was a strong right-hand pitcher (6-4 and 240 pounds) who won from 17 to 27 games in five of six pitching years in the National League. There were two years out for military service. National League. There were two years out for military service. National League. There were two years out for military service.

Newcombe arrived in the Rhineland in time to save Birdie Tebbetts, but didn't, and wasn't much as Jimmie Dykes hoisted the Reds from last to fourth.

But the deal now has turned out to be one of Gabe Paul's good ones, for Newcombe went on a protracted winning streak as the Reds' lone stopper. Opposing players tell you he is almost as fast as he was in World Series and that he mixes up his pitches as never before.

IT TOOK A PSYCHIATRIST to convince Newcombe that he was perfectly safe and much more comfortable in an airplane. Now Newk credits Trainer Wayne Anderson with putting him in the frame of mind to pitch. Anderson did it simply by rubbing the supposed sore spot and then lighting the firecracker which is the current Newk with a tug of the arm.

Paul, one of the more respected general managers, built the Reds through skillful swapping. A pipkin was the one which brought Gus Bell, a long-ball hitting outfielder, but yet 24, from Pittsburgh in exchange for Outfielders Cal Abrams and Gail Henley and Catcher Joe Rossi, Oct. 15, 1952. Paul didn't even have to throw in a couple of broken bats.

He obtained Brooks Lawrence, from the Cardinals for little Jackie Collum. He landed Don Hoak, Pete Whisenand and Warren Hacker of the Cubs for Ray Jablonski and a nobody.

BUT PAUL RAN OUT OF luck in his swapping. A deal with Pittsburgh made in January killed the Reds for this year. It gave them Frank Thomas, Jim Pendleton, Johnny Powers and Whammy Douglass for Harvey Haddix, Hoak and Smoky Burgess. This transaction presented the Pirates with everything they needed—a left-handed pitcher, a third baseman and a left-hand hitting catcher with power.

Thomas, the key man, showed up with a bandaged right thumb which keeps swelling and reduced his home run output to something approaching that of singles hitter Johnny Temple.

With Thomas at third base, Roy McMillan had to play two positions and when he went out with a broken bone in the back of his throwing hand the infield looked like one representing the Perth Amboy firemen at a fat man's picnic.

Dependable pitchers went haywire, but not Don Newcombe. He played in Brooklyn, you see, and had to be different.

## Face Is Still Amazing After 17 Straight Wins

SAN FRANCISCO (AP) — "This little guy sure helps us. . . He's faster than most people realize. . . just amazing. . . That's 12 and zero now."

Manager Danny Mortuaga again waxed enthusiastic over his 152-pound relief pitching ace, Elroy Face, who blanked the San Francisco Giants for three innings Thursday as the Pirates won 3-1 in the 12th.

The bases were loaded with two out in the Giants half of the inning when Elroy coolly threw a slider to Eddie Bressoud. Eddie bounced it right back to the pitcher for the final out. Eddie had homered in the third and poled a long fly near the left center field fence in the tenth.

"Face has been in those spots before. He knows what to do," the manager declared.

Last Lost in May, '58

The 5-foot-7 right-hander has run up 17 consecutive victories, all in relief, since he last lost a game on May 30, 1958. His 1959 record is 12-0, the best in the major leagues.

He's given up just five earned runs in the 52 innings he's pitched. And he says he'll be ready to go tonight against the Dodgers in Los Angeles if needed.

"I appeared in nine in a row in 1956," he explains. "I pitched two innings Wednesday and three yesterday. Sure, I could go again tonight."

## Stables Not For Horses

LEXINGTON, Ky. — (NEA) — The Stables Motel on the northern edge of Lexington is a better than fair place to spend the night.

It has a swimming pool, television in the rooms and whatnot. But the establishment on the Paris Pike threw an out-of-town visitor for a loss. The man had been busy for hours on end visiting farms, looking at horses and listening to endless conversation on runners and breeding.

Toward evening, returning to town, he passed the Stables Motel, which is designed to look like a fancy stable. As usual, there were numerous horse vans and trailers parked in front.

The visitor took one look and exclaimed, "Now I've seen everything. Imagine a motel for horses!"

# Los Angeles Defeats Phillies Yankees Move Into Chicago

## Drysdale Hurls, Snider, Hodges Homer in 5-2 Win

By ED WILKS  
Associated Press Sports Writer  
Those dead Los Angeles Dodgers of last season have come alive, moving within one percentage point of second place on a three-hitter by Don Drysdale backed by Duke Snider and Gil Hodges home runs for a 5-2 victory over Philadelphia Thursday night.

Drysdale (8-5), who also homered, had a no-hitter for six innings while winning his third in a row in a 9-out-of-12 rally that has hoisted the Dodgers from fifth place to two games shy of the league lead. A bloop single by Harry Anderson, leading off the seventh inning, and Wally Post's follow-up 10th homer junked Drysdale's no-hit and shutout bid.

Second place San Francisco blew a chance to move within a game of first, losing 3-1 in 12 innings to Pittsburgh when Ramon Mejias' two-run homer gave reliever Roy Face his 17th consecutive victory. First place Milwaukee gave St. Louis three unearned runs and lost 3-2 to the Cards. Chicago's Cubs rapped Cincinnati 6-2.

### Roberts Loses

Snider and Hodges connected in a four-run first inning against loser Robin Roberts (6-6).

The Cards, gaining a tie with two runs in the sixth after Felix Mantilla's two-out error, won it in the seventh when Hank Aaron bobbled the ball on Joe Cunningham's single and Ken Boyer followed with an RBI single. Lew Burdette (11-6) was the victim after getting a 2-0 lead in Hank Aaron's 21st homer. Lindy McDaniel (6-8) was the winner with four innings of hitless relief.

### Three Shutout Innings

Face, top winner in the majors at 12-0 and unbeaten since May 30, 1958, worked three shutout innings in relief of Harvey Haddix. Ed Bressoud homered for the Giants in the fourth inning, but bounced to Face for the final out with the bases loaded. Rookie Ed Fisher lost it in relief.

A single by Lee Walls scored the clincher for the Cubs in a four-run eighth. Reliever Bill Henry saved the victory for Bob Anderson (4-6). Bob Purkey (6-9)

## Beat Athletics, 5-4, to Remain 2 Games From Top

By ED WILKS

Associated Press Sports Writer

The New York Yankees aren't the swaggering champs of old, yet, but there's no sign of any more staggering as they come into Chicago for the opener of a four-game weekend series tonight.

They roll into Comiskey Park in fourth place, just two games shy of the American League lead on an 8-out-of-11 spurt that began with a three-game sweep over the second place White Sox 11 days ago.

Then they were fifth, five games out of first and four games back of Chicago. Now they're within a single game of the White Sox after finishing a fattening four-game series in Kansas City with a 5-4 victory over the A's.

The Yankees swung for 50 hits, nine of them homers, and 29 runs while winning three of the four at Kansas City.

While the Yanks were bashing the A's, the White Sox managed to win two of three from Washington, regaining second place Thursday with a 4-1 victory. Cleveland beat back Baltimore's bid for first place by skidding the Orioles to third, 3-2, and regaining a one-game lead.

### Tigers Snap Slump

Detroit salvaged the final game of a three-game set with Boston, ending a four-game slump with a 10-5 burst against the Red Sox.

Elston Howard and Norm Siebern hit home runs for the Yankees, with Siebern's leadoff shot scoring the clincher in the eighth inning. Relievers Bobby Shantz and Ryne Duren put it away for winner Duke Maas (6-4), who left for a pinch-hitter in the sixth. Ex-Yank Tom Sturdivant (1-4) lost it.

The White Sox beat the Senators behind the five-hit pitching of Barry Latman.

Latman (12-2) extended his shutout string to 21 innings before the Nats scored in the fourth on Bob Allison's triple and Roy Sievers' single. Then the White Sox, also held to five hits, beat Pete Ramos (7-7) in a two-run Fifth. Earl Torgeson hit a two-run homer in the sixth.

### Tito Homers Twice

Tito Francona's fourth hit and second home run of the game broke a 2-2 tie in the eighth for the Indians. Rookie Jack Fisher (0-1) was the loser in relief of Hoyt Wilhelm. Reliever Mike Garcia won it.

Rocky Bridges first major league grand slam settled things in a five run third inning for the Tigers. Al Kaline and relief pitcher Tom Morgan also homered. Jim Bunning won it for a 7-6 record. Tom Brewer (5-4) was the loser.

## Braves Still Have Problem Replacing Red at Second Base

MILWAUKEE (AP) — There's a chink in the Milwaukee Braves' armor and it's providing mighty costly in the National League pennant fight.

The Braves' big problem is at second base. Trying to fill the shoes of the ailing Red Schoendienst has turned out to be a monumental task.

From the lot, Felix Mantilla, a .145 hitter, has been adjudged the best. And the slender Puerto Rican is finding it rough.

Mantilla, who came up to the Braves in 1956, was responsible for two unearned runs Thursday as the St. Louis Cardinals edged the Braves 3-2. An error by usually reliable Hank Aaron led to the winning run.

Mantilla was guilty of sloppy fielding on two straight ground

balls in the sixth inning and the Cards tied the score at 2-2. With one out and a runner on first, he fired wide to shortstop Johnny Logan and only a force out was made on a double play grounder. Then Mantilla couldn't find the handle on another grounder. That set the stage for a pinch single and a pinch double good for two runs.

"Why take out Mantilla when there's no one else?" he asked. "The others aren't any better at bat or in the field. I have to go with him. And I'm certainly not going to take him out because of an error. After all, Aaron made an error and I can't bench him."

Of the others tried at second base this season, three are still with the club. They are Johnny O'Brien (.211), Casey Wise (.173) and Mel Roach (.071). Two other spring aspirants — Chuck Cottier and Joe Morgan — have been shipped to Louisville in the American Assn.

## Albany Defeats Binghamton, 7-5

By THE ASSOCIATED PRESS

Williamsport and Allentown have only themselves to blame for the fact the Grays' Eastern League lead was still frozen today at 2½ games.

Both the top contenders lost Thursday night. Williamsport bowing 3-1 to Springfield and second-place Allentown losing 7-0 to York.

Springfield's Frank Reveira and pitcher Jim Duffalo provided all the runs needed to top the Grays. York, winning three of its four games against Allentown, came up with a five-run explosion in the fourth and two more tallies in the sixth to make the score 7-1. A bases-loaded single by Mike De La Hoz in the 11th inning gave Reading's Indians a 5-4 victory over Lancaster.

The Albany Senators scored six of their runs in their last three times at bat to defeat Binghamton 7-5 and sweep their three-game series. The Senators tied the score at 4-4 in the seventh on Junior Reedy's homer, and Tony Frullo slammed a two-run double later in the inning to put Albany ahead for good.

## Efficient Operation Reached The First Week at Monticello

MONTICELLO — All departments at Monticello Raceway attained efficient operation within the first week of the opening of the second season, president and general manager Franklin E. Devlin asserted today.

"Our austere program has proven capable of handling the larger attendance and pari-mutuel play we expect within the next week or so."

He referred to "austerity" by noting \$400,000 has been sliced off the operational cost for the Raceway.

"However," Mr. Devlin said, "experienced help from last year and the improvements we have made have turned the racing plant into a compact, efficient operation."

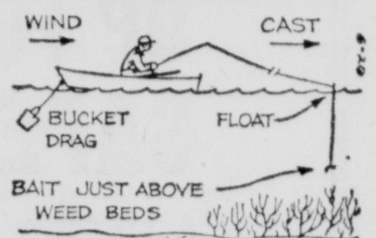

Opened Nine Days Earlier  
The Raceway opened nine days earlier than last year, and going into the summer vacation season is expected to surpass last year's attendance and handle by ten per cent, the official stated.

The new Tel-Autograph system which hastens opening of the cashier windows, Mr. Devlin said, has been working like a charm. We have had no bugs in the system, he said, and it has eliminated complaints we heard last summer about long waits.

More standbreds are on the grounds now than all last year, the president noted. "In fact we have to operate qualifying races constantly, trying to weed out unfit or slower horses to make room for the many better trotters and pacers on our waiting list for stall space."

The dining facilities, under fire opening night when the restaurant was swamped with diners, straightened out too, Mr. Devlin asserted. "The service is good and the food is superb. And on that you can rest assured, I modestly consider myself a gourmet."

### Dodgers Rip Yanks, 15-6

The Dodgers, like their older brothers in the National League, were hot last night in the Town of Ulster league as they walked the Yankees, 15-6. Doubles by John Eccleston and Gary Swanson helped turn the tide in favor of the winners.

Al Koyan had a double for the Yankees. Rich Koyan was the loser and Eccleston won it. Both sides had seven base hits.

Scoring by innings:

R H  
Dodgers ..... 204 603-15 7  
Yankees ..... 100 014-6 7

John Thompson, John Eccleston, Rich Koyan, George Dall and Carl Jones.

### Pirates Beat Braves, 7-0

Bruce Ackert hurled a one-hitter as the Pirates topped the Braves, 7-0, in a National League game. The lone safety was a single by Jim Murphy.

The winners broke a scoreless tie with a run in the fourth and then added two markers in the fifth and four in the sixth inning. Gerry Beichert socked a double and single to pace the attack.

Ackert walked two and struck out 10. Joe Nalepa took the loss.

Scoring by innings:

R H  
Pirates ..... 0 0 0 1 2 4-7 6  
Braves ..... 0 0 0 0 0 0-0 1

Bruce Ackert and Willy Hogan. Joe Nalepa and Jay Hogan.

## Fronzizi Threat Reported Easing

BUENOS AIRES, Argentina (AP)—The military threat to President Arturo Fronzizi's government appeared to have slackened today. But Fronzizi's new economic czar was having trouble recruiting aides to push his program to rebuild Argentina's economy along free-enterprise lines.

The military officers who brought on the current crisis were split among themselves. Some still insisted on Fronzizi's resignation.

Others appeared appeased, for the time being, by the changes he has made in his Cabinet.

Alvaro Alsogaray, Argentina's chief exponent of free enterprise, was sworn in as economic minister and acting labor minister Thursday. He said he hopes to make progress toward halting inflation and labor unrest within half a year.

But when he started looking for assistants, the prospective candidates refused. They apparently were frightened off by criticism heaped on Alsogaray by labor unions, many of them packed with supporters of Ex-President Juan Peron, and by political parties, including some of Fronzizi's own Radical Intransigents.

## Weather Forecast Given to July 1

ALBANY, N. Y. (AP) — The extended weather forecasts, prepared by the Weather Bureau, for the period from 7 p. m. today through 7 p. m. Wednesday:

Eastern New York—Warm and humid weather through most of the period with considerable shower and thundershower activity. Temperatures will average 5 degrees or more above normal and precipitation one-half to one inch generally and heavier in some thundershowers.

Western New York—Changeable weather indicated with temperatures averaging a few degrees above normal. Sultry air with numerous thundershowers over the weekend, probably turning cooler Monday or Tuesday with drier air. An average of over one-half inch of rain is expected with well over an inch in some localities.

Temperatures — Daytime highs in middle 70s and low 80s. Overnight lows in upper 50s to low 60s.

Beach Facilities Ready for Heavy Weekend Crowds

All facilities at Kingston Point Beach are ready for expected heavy weekend patronage, Andrew J. Murphy, 3rd, recreation superintendent said today.

The beach is open daily from 10:30 a. m. to 8:30 p. m., and lifeguards are on duty during those hours. Attendance last weekend, Murphy said, forecasts larger crowds tomorrow and Sunday if weather is favorable.

An organizational meeting is slated for 10 a. m. Monday of park directors recently appointed by Mayor Edwin F. Radel. It will be held in the recreation department's building, 97 Broadway.

Steel Prospects Gloomy

NEW YORK (AP) — Steel negotiations were tangled worse than ever today with an industrywide strike looming Wednesday.

A flurry of industry and union proposals to postpone the shutdown deadline fizzled out Thursday night.

Both sides agreed, however, to resume deadlocked talks this morning with the July 1 strike deadline still in effect.

Prospects seemed gloomy that a walkout could be averted. The industry started banking furnaces. The trouble is simple. It's a straight and classic clash of opposing economic views.

## Probation Officer Jailed for Theft

MAYVILLE, N. Y. (AP) — A Chautauque County probation officer was in jail today, accused of stealing county funds.

Raymond F. Lindberg, 42, was arrested by sheriff's deputies last night at his home in Jamestown and charged with first-degree grand larceny.

He was accused of taking "more than \$1,000" since he started work in 1957.

Lindberg waived examination at his arraignment before a peace justice and was held for the grand jury. No bail was set.
